KANSAS.

CAPITAL, TOPEKA.

POPULATION OF STATE, 1,427,096.

(Census of 1890.)

Males	752,112	Native	1,279,258
Females	674,984	Foreign	147,838
White	1,376,553	Chinese	97
Colored	49,710	Indians	736

Kansas lies within the meridians of 94° 37′ and 102° west longitude, and the parallels 37° and 40° north latitude, and is bounded on the north by Nebraska, on the south by the Indian Territory, on the east by the Missouri River and the State of Missouri, and on the west by Colorado. It is the central State of the Union, being equi-distant from the Pacific and Atlantic oceans on the west and east, and the British possessions and Mexico on the north and south, and contains an area of 81,318 square miles, or 52,043,520 acres.

The surface slopes gently from the base of the Rockies to the Mississippi, but is diversified with river hills formed by the action of the water on the yielding soil. The principal rivers are the Missouri, which washes the northeastern boundary; the Kansas, which, with its affluents, the Smoky Hill, Delaware, Blue, Republican, Solomon and Saline rivers, drains the northern portion of the State and empties into the Missouri; the Arkansas, which drains all Southern Kansas, and the Osage, which flows through the east and central portion of the State.

The climate is mild and healthful, the mean annual temperature as observed at Lawrence being about 53°—that of the summer 75.82° and of the winter 31.65°. The average annual rainfall is about 31.75 inches. The river bottoms are covered by dense forests of the different deciduous trees common to this latitude, and the eastern uplands are rich prairies. Coal, iron, salt, gypsum, alum and petroleum are found in paying quantities, the supply of coal being amply sufficient to meet the home demand. The principal industry is agriculture, the eastern half of the State being specially adapted to farming, and the western to grazing.

Kansas is well provided with churches, colleges and schools, and, in proportion to its population, ranks second to no State in the Union in these particulars.

The following table shows the increase in population for the past 30 years:

1860	107,206	1880	996,096
1870	373 299	1890	1,427,096

There are no medicinal springs. The medical institutions in the State are the Wichita Medical College at Wichita, the Kansas Medical College at Topeka, and a preparatory college located at Lawrence.

MEDICAL LAWS OF KANSAS.

The Criminal Code of Kansas enacts as follows:

1. That it shall be unlawful for any person within the limit of the State of Kansas, who has not attended two full courses of instruction and graduated in some respectable school of medicine, either of the United States or of some foreign country, or who cannot produce a certificate of qualification from some State or county medical society, and is not of good moral character, to practice medicine in any of its departments for reward or compensation, for any sick person within the State of Kansas; *Provided*, That in all cases, when any person has been continuously engaged in the practice of medicine for a period of ten (10) years or more, he shall be considered to have complied with the provisions of this act, and that where persons have been in continuous practice of medicine for five years or more, shall be allowed two years in which to comply with such provisions.

2. That any person living in the State of Kansas, or any person coming into said State, who shall practice or attempt to practice medicine in any of its departments, or perform or attempt to perform any surgical operation upon any person within the limits of said State, in violation of Section one (1) of this act, shall upon conviction thereof, be fined in not less than fifty nor more than one hundred dollars for such offense, and upon conviction for a second violation of this act shall, in addition to the above fine, be imprisoned in the county jail of the county in which said offense shall have been committed, for the term of thirty days, and in no case wherein this act shall have been violated, shall any person so violating receive a compensation for services rendered. *Provided*, That nothing herein contained shall in any way be construed to apply to any person practicing dentistry.

Adopted March 15, 1879.

ALE AND BEEF PEPTONIZED
Dr. J. C. Culbertson, Cincinnati, Ohio, says: "I am very glad to hear of and note the great success you are having with Ale and Beef, Peptonized. As a Nutrient Tonic it is just the thing in a host of cases. The name itself commands and strikes attention at once." ☞ YOUR DRUGGISTS HAVE IT.

Kentucky extends from 36° 30′ to 39° 06′ north latitude, and from 82° 06′ to 89° 44′ west longitude, and is bounded on the north by Ohio, Illinois and Indiana, on the west by Missouri, on the south by Tennessee, and on the east by Virginia and West Virginia. The State comprises an area of 37,480 square miles, or 23,987,200 acres. It has a river boundary of 813 miles, its northern border being washed by the Ohio, its eastern by the Big Sandy or Chattaroi, and its western by the Mississippi; nearly all the other rivers which drain the State are affluents of the Ohio.

The climate here, as in all parts of the United States, is variable; but Kentucky is marked by no unhealthy extremes, the mean annual temperature being 55° F., that of the summer 73.96°, and of the winter 38°. The average annual rainfall along the Ohio river is about 48 inches and in the southern extremity 60 inches.

Coal and iron abound, and a large portion of the State is covered by primitive forests of deciduous trees. The soil is extremely fertile and productive, all the crops of the Mississippi valley flourishing here, with the exception of the sugar cane. Corn and tobacco are the staples, and the former are largely used in the manufacture of the celebrated Kentucky whisky, which is one of the principal exports.

The blooded horses of Kentucky have a national reputation.

The following table shows increase in population for 70 years:

1820	564,135	1860	1,155,684
1830	687,917	1870	1,321,011
1840	779,828	1880	1,648,690
1850	982,405	1890	1,858,635

MEDICAL LAWS OF KENTUCKY.

SECTION 1. *Be it enacted by the General Assembly of the Commonwealth of Kentucky*, That an act, entitled "An act to protect the citizens of this Commonwealth from empiricism," approved February 23, 1874, be so amended as to provide that it shall be the duty of the county clerk of each county to purchase a book of suitable size, to be known as the "Medical Register" of the county, and to set apart one full page for the registration of each physician; and when any physician shall depart this life or remove from the county, he shall make a note of the same at the bottom of the page; and said clerk shall (on the first day of January in each year) transmit to the office of the State Board of Health a duly certified list of the physicians of such county, registerd under this act, together with such other information as is hereinafter required, and perform such other duties as are required by this act, and such clerk shall receive the sum of fifty cents from each physician so registered, which shall be his full compensation for all duties required under this act.

SEC. 2. That on and after the first day of April, 1889, it shall be unlawful for any person to practice medicine in any of its branches within the limits of this State who has not exhibited and registered in the county clerk's office of the county where he is practicing or intends to commence the practice of medicine his authority for so practicing medicine as prescribed in this act, the name and location of the college issuing the same, if it be a diploma, the date of same, together with his age, residence, place of birth, and the school or system of medicine to which he professes to belong. The person so registering shall subscribe and verify by oath, before such clerk, an affidavit containing such facts, and that he is the person named in the authority so registered, which, if willfully false, shall subject the affiant to conviction and punishment for perjury.

SEC. 3. That authority to practice medicine under this act shall be: (*a*) A diploma from a medical school legally chartered under the laws of this State. (*b*) A diploma from a reputable and legally chartered medical school of some other State or country, certified and endorsed as such by the State Board of Health. (*c*) An affidavit from the person claiming the same that such person is exempted from obtaining a diploma under section two of the act to which this is an amendment,* and stating where he has so practiced: *Provided*, That no college shall charge or receive more than one dollar for the certificate and endorsement required by this section.

SEC. 4. That nothing in this act shall be so construed as to discriminate against any peculiar system or school of medicine, or to prohibit women from practicing midwifery, or to prohibit gratuitous services in case of emergency, nor shall this act apply to commissioned surgeons of the United States army, navy or Marine Hospital service.

SEC. 5. That sections three, four, five, six and seven of the act to which this is an amendment, and any portion of other sections of said act in conflict with the provisions of this act, are hereby repealed, and that section eight of said act is hereby reaffirmed and made a part of this act.

Approved April 24, 1888.

* * * * * * *

SEC. 2. Nothing in this act, or the acts to which this is an amendment, shall be so construed as to authorize any traveling empiric to register or practice medicine in any county in this State; to open an office for such purpose, or to announce to the public in any other way his readiness to practice medicine in any of its branches in any county, shall be to engage in the practice of medicine within the meaning of the law.

Approved May 24, 1890.

* * * * * * *

SEC 8. Any person living in this State, or any person coming into this State, who shall practice medicine, or attempt to practice medicine, in any of its departments, or who shall perform or attempt to perform any surgical operation, for or upon any person within the limits of this

MERCK'S CHEMICALS { The Purest and Best Medicinal Substances. } MERCK & CO., NEW YORK.

State, for reward or compensation, in violation of the provisions of this act, shall, upon conviction thereof, be fined fifty dollars, and upon each and every subsequent conviction shall be fined one hundred dollars and imprisoned thirty days, or either, or both, in the discretion of the jury; and in no case, where any provision of this act has been violated, shall the person so violating be entitled to receive compensation for services rendered.

Approved February 23, 1874.

*That is, was reputably and honorably engaged in practice prior to February 23, 1864.

ALE AND BEEF PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.
The sale of Ale and Beef, Peptonized, with us has been wonderfully large since you introduced it in Philadelphia. It meets with great favor among most of our prominent physicians. Yours truly,

LOUISIANA.

CAPITAL, BATON ROUGE.

POPULATION OF STATE, 1,118,587.

(Census of 1890.)

Males	559,350	Native	1,068,840
Females	559,237	Foreign	49,747
White	558,395	Chinese	372
Colored	559,193	Indians	627

Louisiana is bounded on the north by Arkansas and Mississippi, on the south by the Gulf of Mexico, on the east by Mississippi, and on the west by Texas, and extends from 89° 30′ to 94° west longitude, and from 29° to 33° north latitude. It comprises an area of 41,346 square miles, or 26,461,440 acres. The State throughout is a low, alluvial plain, and the southeastern and eastern counties are swampy, while those in the northwest and west, being somewhat hilly, are better drained. Much of the soil bordering on the Mississippi is below the level of the river during high water, and is protected from inundation by levees of earth similar to the dikes of Holland.

The principal river of Louisiana is the Mississippi, which is navigable throughout its entire length in the State for the largest steamboats, and at all seasons of the year. The Red river, also navigable, extends through the northwestern and central portion of the State. The Washita in the north and Calcasieu in the south are the next most important rivers. Many lakes and lagoons are scattered over the State, the largest being Pontchartrain, which is connected with the Gulf of Mexico by Lake Borgne, which is navigable.

The climate is warm, but the winters are colder and more variable than in the same latitude on the Atlantic coast. The mean annual temperature, as observed at New Orleans, is 69.06°, that of the summer, 81.08°, and of the winter, 56°. The

average annual rainfall is about 51 inches. Vegetation is luxuriant, and many tropical plants and fruits flourish here, and sugar and cotton are the agricultural staples. Iron, ochre, gypsum, marl and coal are the principal minerals.

The following table shows the increase in population for 70 years :

1820	152,923	1860	708,002
1830	215,739	1870	726,915
1840	352,411	1880	939,946
1850	517,762	1890	1,118,587

There are several mineral springs in the State.

The medical colleges in the State are the Medical Department Tulane University of Louisiana; and the Medical Department New Orleans University (for colored students).

Rate of Mortality in Louisiana, as computed from the U. S. census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
1,118,587	16,354	14.62	8,638	7,716	15.47	13.78

Total number of deaths from consumption during 1890 was 1,516, which was at the rate of 1.35 per 1,000 of population, or 92.70 per 1,000 of total deaths.

MEDICAL LAWS OF LOUISIANA.

AN ACT RELATIVE TO THE PRACTICE OF MEDICINE AND SURGERY.

Be it Enacted by the General Assembly of the State of Louisiana:

SECTION 1. That no person shall be allowed to practice medicine or surgery, as a means of livelihood, in any of the departments, without first making affidavit before a duly qualified judge or justice of the peace, or clerk of the district court, or notary public, in the parish wherein he resides, of his having received the degree of doctor of medicine from a regularly incorporated

medical institution of respectable standing in America or in Europe, and designating its name and locality, and the date of his diploma, such degree to be manifested by a diploma issued by such institution, and its respectable standing to be evidenced by the indorsement or certificate of the State Board of Health written on the face of said diploma and signed by the secretary; said affidavit shall also contain the full name of the person making the same, the date and place of his birth, and the names and places where he may have previously practiced medicine or surgery; and for every diploma certified or *vised* by the said Board of Health, a fee of fifty cents shall be paid by the applicant, and a record of diplomas certified shall be preserved by said State Board of Health, and copies thereof, certified by the secretary, shall be received in evidence by the courts of this State; *Provided*, that the said State Board of Health shall be required to certify the diploma of any medical institution of credit and respectability, without regard to its system of therapeutics, and whether the same be regular, homœopathic or eclectic.

2 That the affidavit required in the first section of this act shall be recorded in the office of the clerk of the district court of the parish, who shall make such record in a book to be kept for that purpose only, and also certify such recordation by an indorsement on the original affidavit, which the affiant shall transmit to the State Board of Health; the officer before whom the affidavit is made, unless he be a judge, shall be entitled to a fee of fifty cents; and the officer recording the same, to a fee of one dollar; the clerk of the court shall charge no fee for the preservation of the original affidavits, but a copy thereof, duly certified by the clerk of the court, shall be admissible in evidence, and a fee of fifty cents shall be paid for said copy.

3. That the provisions of this act shall not apply to female practitioners of midwifery as such, nor to persons who have been practicing medicine or surgery in this State without diplomas for the period of five years prior to the passage of this act nor to persons who have been practicing medicine or surgery in this State with diplomas emanating from a regularly incorporated medical institution of reputable standing in America or in Europe, for ten years prior to the passage of this act: *Provided*, that such practitioners of medicine or surgery shall make an affidavit before any judge, justice of the peace, notary public or clerk of court of the parish wherein he resides, setting forth the following facts: The full name of the person making the affidavit, the date and place of his birth, the date of his diploma, if he have any and the name and locality of the institution by which it was made, the date and place where he began the practice of medicine in Louisiana, and the names of the places where he may have previously practiced medicine or surgery; such affidavit shall be transmitted or delivered to the State Board of Health, and shall entitle the affiant to be placed on the list of registered physicians or surgeons, the publication of which is hereinafter provided for, and the officer before whom such affidavit is made shall be entitled to a fee of fifty cents; and the said State Board of Health shall preserve said affidavits, and a copy thereof, signed by the secretary, shall be received as evidence in the courts of this State, and for such copy a fee of fifty cents shall be paid. And any person who shall, in the affidavit required by this section, wilfully make any false statement shall be deemed guilty of the crime of perjury, and punished in the manner provided by existing laws for the punishment of the crime of perjury.

4 That a copy of the affidavit recorded by the clerk of the district court, certified by him, shall be *prima facie* evidence that the person making the affidavit is a duly registered physician or surgeon, and a certified copy of the original affidavit filed with the State Board of Health, or a certificate emanating from said State Board of Health, that the name of the person mentioned in the certificate is on the list of registered physicians and surgeons, shall be conclusive evidence of the fact.

5. That it shall be the duty of the State Board of Health to publish annually, in the official journal of the State, and if there be no such journal, in one of the daily newspapers published in the city of New Orleans, a list of all the registered physicians and surgeons in the State, and their places of residence, and such published list shall be received in evidence by the courts of this State as proof that the physicians and surgeons therein named are duly registered, as required by law; and the said State Board of Health is hereby required to strike from said list the names of such persons who may have been convicted of any infamous crimes by any court of this State or of the United States, or of any State of the United States, whether such conviction occur prior or posterior to registration; and it is also empowered to strike from said list the names of persons who may die after registration. If any person is improperly stricken from said list, he may be restored by writ of *mandamus*, issued by the judicial tribunals of the State, sitting in chambers, competent to investigate such cases.

6. That any practitioner of medicine or surgery, failing to comply with the requirements of this act, shall not be exempt from jury or militia duty, nor be permitted to collect any fees or charges for services rendered, nor be allowed to testify as a medical or surgical expert in legal or State medicine in any court of this State, nor to execute any certificate as a surgeon or physician, nor to hold any medical office, nor to be recognized by the State or any parish or municipal corporation as a physician or surgeon; nor shall he be entitled to enjoy any of the privileges rights or exemptions granted to physicians or surgeons by the laws of this State; and moreover, he shall forfeit and be liable to a penalty of one hundred dollars for each and every violation of this act, and for each and every time he so violates it, said sum or sums to be recovered in a civil action to be brought before any court of competent jurisdiction, in the name and for the benefit of the Charity Hospital at New Orleans; and he shall in addition thereto, be subject to criminal prosecution and be punished in the manner prescribed by law for violations of this act.

7. That this act shall not apply to practitioners of medicine or surgery residing and practicing in other States who may be summoned in special instances to attend patients in the State of Louisiana by any registered physician.

8. This act shall take effect on and after the first day of January, 1883.

AN ACT making it a crime for any person to practice, or to offer to practice, medicine or surgery in this State for pay, without having first complied with the provisions of Act No. 31 of

VACCINE VIRUS. CHICAGO VACCINE STABLES, OAK PARK, ILLINOIS.
E. W. WOOD, M. D., Proprietor. (SEE PAGE 1365.)

the Acts of 1882, approved June 26, 1882, relative to the practice of medicine and surgery, and prescribing the punishment thereof:

SECTION 1 Be it Enacted by the General Assembly of the State of Louisiana: Whoever shall practice, or offer to practice, medicine or surgery in this State for pay, without having first complied with the provisions of Act No. 31 of the Acts of 1882, approved June 26, 1882, relative to the practice of medicine and surgery, shall be deemed guilty of a misdemeanor, and shall upon conviction be fined not less than fifty dollars, or imprisonment not more than three months, or both, at the discretion of the court.

2. Be it further enacted, etc.: That all fines imposed by this act shall be for the benefit of the charity hospitals of the parishes in which the offense herein provided for may be committed, and in parishes where there is no such hospital, for the benefit of the public school fund. No criminal prosecution under Section 1 of this Act, shall bar the imposition of any fine by civil process provided by Section 6 of said Act 31 of the acts of 1882, nor shall the imposition of such fine bar such criminal prosecution.

3. Be it further enacted, etc: That this act shall not apply to practitioners of medicine and surgery residing and practicing in other States, who may be summoned in special instances to attend patients in the State of Louisiana by any registered physician.

4. Be it further enacted, etc.: That this act shall take effect on and after the first day of January, 1887.

CAUTION.

Beware of so-called State Medical Directories, copied from our Medical and Surgical Register by irresponsible persons, and palmed off as original publications.

This fraud has been perpetrated in various parts of the country notwithstanding our efforts to prevent it by prosecution under the copyright laws.

To avoid being imposed upon you should ascertain the standing and responsibility of the publisher before signing an order.

Our friends will confer a favor upon us as well as the medical profession by promptly giving notice of any such attempted fraud.

MAINE.

CAPITAL, AUGUSTA.

POPULATION OF STATE, 661,086.

(Census of 1890.)

Males	332,590	Native	582,125
Females	328,496	Foreign	78,961
White	659,263	Chinese	74
Colored	1,190	Indians	559

The State of Maine is located in the extreme northeastern portion of the United States, and extends from 43° 5′ to 47° 30′ north latitude, and from 66° 50′ to 71° west longitude It is bounded on the north by Canada, on the south by the Atlantic Ocean, on the east by New Brunswick, and on the west by New Hampshire, and comprises an area of 35 000 square miles or 22,400,000 acres. The western portion of the State is mountainous, the range being part of the Appalachian system.

Maine is well supplied with lakes and rivers, the principal rivers being the Androscoggin, Kennebec, Penobscot, Grand, St. John and Saco, besides which there are a vast number of smaller streams which irrigate and drain every portion of the State.

The climate is healthful, and the winters, although long and severe, are unmarked by injurious variations, while the summers are pleasant. The mean annual temperature at Portland is 43.00°, that of the summer 63 73°, and of the winter 21.69°. These figures are the result of observations extending over a period of 37 years The average annual rainfall is about 44.50 inches.

A considerable portion of the State is covered by large forests of coniferous and deciduous trees, the former being, however, much more abundant than the latter. Wild animals and game are met with in the more unsettled portions, while migratory birds, such as geese, ducks and passenger pigeons, abound during the summer months.

Granite and marble are the only minerals.

The following table shows the increase in population for 70 years :

1820	298 269	1860	628,279
1830	399,455	1870	626,915
1840	501,719	1880	648 936
1850	583,169	1890	661,086

Its educational and religious advantages are excellent.

The principal agricultural products are hay, potatoes, corn, wheat, oats and barley, and the manufacture of cotton is one of the leading industries.

There are some medicinal springs in the State.

The medical colleges in the State are the Medical School of Maine, at Bowdoin College, at Brunswick, and the Portland School for Medical Instruction, at Portland.

Rate of Mortality in Maine, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
661,086	10,044	15.19	10,010	34	15.18	18 65

Total number of deaths from consumption during 1890 was 1,477, which was at the rate of 2.23 per 1,000 of population, or 147.05 per 1,000 of total deaths.

MEDICAL LAWS OF MAINE.

Sec. 9, Chap. 13, 1883, enacts that: No person who has not received a medical degree at a public medical institution in the United States, or a license from the Maine Medical Association, shall recover compensation for medical or surgical services, unless previous to such service he had obtained a certificate of good moral character from the municipal officers of the town where he then resided.

1885. An effort was made at the last session of the Legislature to pass a bill, of which the following were the provisions: Graduates of institutions legally qualified to confer medical degrees, and all who had practiced without a diploma for thirteen or more years continuously, should be allowed to register. All persons practicing medicine without having been registered should be deemed guilty of a misdemeanor, and on conviction thereof, be punished by a fine of from one to five hundred dollars, or by imprisonment of from three to twelve months, or both.

This bill was favored by the better elements of all sects; but quacks, botanics, magnetics and Druids (the latter a class peculiar to this State), combined, and defeated the bill by a small majority in the House. It had passed the Senate quite unanimously.

1887. A bill was passed by both Houses, but was vetoed by the Governor.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted*

ALE AND BEEF PEPTONIZED
Dr. I. N Love, St. Louis, Mo., says: "I have additional evidence of the value of your Ale and Beef, Peptonized. I find in many cases of children s troubles it is well received. I have found it of special value for nursing mothers. It serves as a tonic, and increases the flow of milk in an admirable way."

Maryland is bounded on the north by Pennsylvania, on the south and west by Virginia, West Virginia and the District of Columbia, and on the east by the Atlantic Ocean and Delaware. It is one of the thirteen original States, and extends from 37° 43′ to 39° 45′ north latitude, and from 75° 10′ to 79° 30′ west longtitude, and comprises an area of 11,124 square miles, or 7,119,360 acres. The State is divided throughout almost its entire length into two unequal parts by the Chesapeake Bay. The surface of the eastern shore is mostly level, and is in parts swampy, but towards the north it is hilly and broken; the northwest is mountainous, being traversed by six ranges of the Alleghanies. The principal rivers of Maryland are the Susquehanna, Potomac, Pokomoke, Wicomico, Nanticoke, Choptank, Gunpowder, and Patapsco. The climate is mild and healthful, being tempered by the proximity of the ocean. The mean annual temperature, as observed at Baltimore, is 54.91°—that of the summer 75.08° and of the winter 34.50°. The average annual rainfall is about 41 inches. Pine forests are found in the eastern portion, cypress trees abound in Central Maryland, and many varieties of deciduous trees are interspersed throughout the State; iron and coal are extensively mined, and constitute the chief mineral wealth. Copper, nickel, cobalt, galena, alum and barytes are also found, and marble and building stone are abundant Tobacco, wheat, corn and fruit are the principal productions, and the oyster fisheries are the most extensive on the Atlantic coast.

The following table shows the increase in population for 70 years:

1820	407,350	1860	687,049
1830	447 040	1870	780,894
1840	470,019	1880	934 943
1850	583,034	1890	1,042,390

Maryland possesses religious and educational facilities of a high order.

The following is a list of the medical colleges in the State: School of Medicine of the University of Maryland, Baltimore; College of Physicians and Surgeons,

CATGUT LIGATURES. L. H. KELLER & CO., 64 Nassau St., NEW YORK, N. Y. (See Page 9.)

Baltimore; Baltimore Medical College, Baltimore; Women's Medical College of Baltimore, Baltimore; Baltimore University School of Medicine, Baltimore; a preliminary college and post-graduate course known as the Johns Hopkins University Medical Department, Baltimore; Southern Homœopathic Medical College, Baltimore.

Rate of Mortality in Maryland, as computed from the U. S. census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
1,042,390	18,000	17.27	13,579	4,421	16.42	20.48

Total number of deaths from consumption during 1890 was 2,315, which was at the rate of 2.22 per 1,000 of population, or 128.61 per 1,000 of total deaths.

MEDICAL LAWS OF MARYLAND.

A Bill Entitled an Act to repeal and re-enact, with additions and amendments, sections 39, 40, 41, 42, 43, 44, 45, 46 and 47, of Article 43, of the Code of Public General Laws, title "Health," subtitle "Practitioners of Medicine," and to add additional sections thereto, to be designated as sections 49, 50, 51, 52.

SECTION 1. Be it Enacted by the General Assembly of Maryland, That sections 39, 40, 41, 42, 43, 44, 45, 46 and 47, of Article 43, of the Code of Public General Laws, title, "Health," subtitle "Practitioners of Medicine," be and the same are hereby repealed and re-enacted with amendments and additions, and that new sections be added to said article, to be designated sections 49, 50, 51 and 52, so that the said sub-title shall read as follows:

39. Every person, not now practicing medicine and surgery, who shall hereafter begin to practice medicine and surgery in any of its departments except dentistry, in the State of Maryland, shall possess the qualifications required by this Act.

40. From and after the first Tuesday in June, 1892, there shall be and continue to be two separate Boards of Medical Examiners for the State of Maryland, one representing the Medical and Chirurgical Faculty of the State of Maryland, and one representing the Maryland State Homœopathic Medical Society of the State of Maryland; each board shall consist of seven members, and each of said members shall serve for a term of four years or until their successors are appointed and qualified; each board to have exclusive rights to examine, pass upon the qualifications of and license its own applicants, said members of the first or old school board to be appointed by the Medical and Chirurgical Faculty of Maryland, of which two shall be from the counties of the eastern shore and five from the western shore, of which latter number two shall be from the counties west of the Blue Ridge Mountains; and said second or Homœopathic Board to be composed of seven physicians, appointed by the Maryland State Homœopathic Medical Society, of which three shall be residents of Baltimore and four of the State at large; the appointees shall be physicians actually engaged in the practice of medicine and of recognized ability and honor; the term of office of each board shall commence on the first Tuesday in June, 1892. No member of any college or university, and no physician having a pecuniary interest in the trade of pharmacy shall be appointed to serve as a member of either of said boards; vacancies occurring in such for unexpired terms shall be filled by the board, in accordance with the foregoing provisions of this section, and for expired terms in same manner as for first appointees.

41. That each Board of Medical Examiners shall meet within thirty days after receiving official notice of their appointment; at the first meeting of each of the boards respectively, an organization shall be effected by the election from their own membership of a president and a secretary. For the purpose of examining applicants for license, each of said boards of medical examiners shall hold one or more stated or special meetings in each year, due notice of which shall be made public at such times and places as may be determined by the members thereof respectively; at said stated or special meetings a majority of the members of the board shall constitute a quorum thereof; each of said boards of Medical Examiners shall keep an official register of all applicants for examination for a license to practice medicine and surgery in this State; said register for license shall show the name, age and last place of residence of each candidate, the school from which he or she may have graduated, and whether such applicant was rejected or licensed under this Act, but such matters shall not be written in said register or made public until after the examination.

42. At the first meeting of an examining board, or at stated or special meetings held subsequently, suitable provisions shall be made by each of the examining boards to prepare a schedule of written examinations upon anatomy, physiology, chemistry, surgery, practice of medicine, materia medica, therapeutics, obstetrics, gynæcology, pathology, medical jurisprudence and hygiene, and shall require the same standard of excellence from all candidates; in the department of therapeutics and practice the questions shall be in harmony with the tenets of the school selected by the candidates, the standard of acquirements therein to be established by each board for itself. Whenever members of any boards are necessarily absent from meetings held for the examination of applicants for license, suitable temporary provisions shall be made for thorough examination in each and all of the aforesaid subjects by the members present; the examination shall be fundamental in character and such as can be answered in common by all schools of practice; the votes of all the examiners present shall be "yes" or "no," written with their signatures upon the backs of the examination papers of each candidate for the respective branches.

43. That all persons commencing the practice of medicine or surgery in any of its branches after the passage of this Act by the General Assembly, shall make a written application for license to the President of either Board of Medical Examiners which said applicant may elect, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common school education, and has either received a diploma conferring upon him the degree of doctor of medicine from some legally incorporated medical college in the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country, and has also both studied medicine three years and attended three courses of lectures in different years in some

legally incorporated medical college or colleges prior to the granting of said diploma or foreign license; provided that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not satisfy the requirement; provided that this condition shall not apply to students in their second year in a medical college, nor to physicians who shall be practicing medicine at the time of the passage of this Act; such proof shall be made, if required, upon affidavit; upon making of said application and proof and payment of fee as provided. The president of the board to whom such application was made, if satisfied with the same, shall direct the secretary thereof to issue to said applicant an order for examination, and when said applicant shall have passed an examination as to proficiency satisfactory to said board, the president shall grant to such applicant a license to practice medicine and surgery in the State of Maryland.

44. That all examinations shall be conducted in such manner that the name, school of graduation and preparatory training of said applicant shall not be made known to the Board of Examiners until his examination papers have been graded; an applicant receiving the majority of the votes of the board before whom the applicant appears, shall be considered to have passed a satisfactory examination, and entitled to the license of said board.

45. That a fee of ten dollars shall be paid to the secretary of the board before whom the applicant appears, before such examination is had, which said fee shall be applied by said board toward paying the expenses of said board.

46. That the board shall refuse to grant a license to any applicant who may be radically deficient in his examination in any essential branch; provided that in case of failure, at any such examination, the candidate, after the expiration of one year from his rejection, shall have the privilege of another examination by the board to which application was first made.

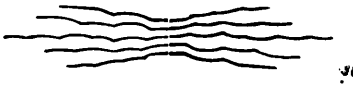
47. That every license to practice medicine and surgery issued pursuant to the provisions of this Act shall be subscribed by the President and Secretary of the Board before whom applicant passed, and by each medical examiner who reported the licentiate as having successfully passed said examinations; it shall also have affixed to it, by the person authorized to fix the same, the seal of said Medical and Chirurgical Faculty of Maryland, or of the Maryland State Homœopathic Medical Society, as the license may require; every such license shall be in following form:

To all whom it may concern, greeting:

Be it known that, , on the day of , A. D. , having offered to us satisfactory proof that was more than twenty-one years of age, and had received a proper preliminary education; that had attended three full courses of medical instruction, the last course at , in , in the years of , and had received from the of the degree of doctor of medicine; we thereupon gave a written order for the examination of said before one of the Boards of Medical Examiners of the State of Maryland; that the said was fully examined before our said board and found proficient and qualified to practice medicine and surgery by the examiners whose signatures are hereto attached; we, therefore, have granted to said , this our license to practice medicine and surgery in the State of Maryland as a physician and surgeon, and have caused the names of the President and Secretary of our Board and said examiners to be subscribed, and the seal of our society to be affixed hereto, and have also caused this license to be recorded in book of medical licenses, on page .

Witness our hands and seal of our said Society, this day of , A. D. 18

———President;———Secretary;———Examiners.



48. Any person receiving a license from either of the said boards shall file the same, or a certified copy thereof, with the Clerk of the Circuit Court of the county or city in which he or she may practice, and it shall be the duty of said Clerk to register the names of such persons, and the president of the board signing the same, in a book kept for the purpose, as a part of the records of his office; and the number of the book and the page therein containing said recorded copy shall be noted in the body of the license; said records shall be open to public inspection, under proper restrictions as to their safe keeping, and in all legal proceedings shall have the same weight as evidence that is given to the record of conveyances of land; the fee for each registration shall be one dollar, to be paid by the person whose license is registered.

49. This Act shall not apply to Commissioned Surgeons of the United States Army, Navy or Marine Hospital Service, to physicians or surgeons in actual consultations from other States, or to persons temporarily practicing under the supervision of an actual medical preceptor.

50. Any person to whom the provisions of this act applies, practicing or attempting to practice medicine or surgery in this State, without first having obtained the license of one of said Boards of Medical Examiners, shall be guilty of a misdemeanor, and shall pay a fine of not less than fifty dollars, nor more than two hundred dollars, for each offense, or in default of payment shall be confined in the city or county jail until the fines and costs are paid, and shall be debarred from recovering compensation for services rendered as such physician or surgeon.

51. The provisions of this act shall not apply to any midwife or person who may render gratuitous services in case of emergency.

52. It is provided that said board shall make a written report to the Medical and Chirurgical Faculty of Maryland and to the Maryland State Homœopathic Medical Society every two years.

THE JOHNS HOPKINS HOSPITAL

BALTIMORE, MD.

The Johns Hopkins Hospital, founded by the liberality of Johns Hopkins, a merchant of Baltimore, is a large, general hospital, built in pavilions, for the treatment of acute diseases. It is divided into Medical, Surgical and Gynæcological Departments, each under the direction of the Physician-in-Chief, the Surgeon-in-Chief and the Gynæcologist-in-Chief of the Hospital, respectively.

The Hospital has, in addition, a Pathological and Bacteriological Laboratory, an Amphitheatre and Operating Rooms, for the practical instruction of physicians; a Dispensary with nine departments for the treatment of the poor; and a Training School for Nurses.

The Hospital receives the following classes of patients:

1. The sick poor of **Baltimore and its suburbs, who are treated free of charge.**

2. Casualty or accident cases from **Baltimore or the State of Maryland,** who are also treated **free of charge.**

3. Patients having **no residence in Baltimore,** who are treated in the **public wards at $5 per week.**

4. **Pay patients from any portion of the United States or Canada,** who are treated in the **private wards at prices varying from $15 to $35 per week.**

☞ In the private wards surgical operations and the services of an ophthalmologist, otologist, laryngologist or dermatologist are extra, unless otherwise especially arranged for with the Superintendent. Massage and laundry charges are extra.

Courses of instruction in Medicine, Surgery and Gynæcology are given to physicians from October to May each year. Also to physicians and students in Pathology and Bacteriology.

The Johns Hopkins Hospital publishes a Bulletin at $1 per year, and an annual volume of Reports at $5 per year.

MASSACHUSETTS.

CAPITAL, BOSTON.

POPULATION OF STATE, 2,238,943.

(Census of 1890.)

Males	1,087,709	Native	1,581,806
Females	1,151,234	Foreign	657,137
White	2,215,373	Chinese	1,002
Colored	22,144	Indians	424

The State of Massachusetts, which was included in the original thirteen, extends from 41° 15′ to 42° 55′ north latitude and from 69° 56′ to 73° 31′ west longitude, and comprises an area of 7,800 square miles, or 4 992,000 acres. It is bounded on the north by Vermont and New Hampshire, on the east by the Atlantic Ocean, on the south by Rhode Island and Connecticut, and on the west by the State of New York. The surface is greatly diversified, the western portion being mountainous, the southeastern low and sandy. None of the rivers of Massachusetts are navigable, but many of them afford excellent water power. The principal ones are the Connecticut, which traverses the western portion of the State from north to south; the Housatonic, Merrimac, Blackstone, Taunton, Charles and Mystic.

The climate is cool and salubrious, the winters being severe and long and the summers warm but short. The mean annual temperature as observed at New Bedford during a period of 58 years is 48.56°; that of the summer 66.95° and of the winter 30.21°. The average annual rainfall is about 45 inches.

The soil in the Connecticut valley is extremely fertile, but in other portions only moderately so. Corn, tobacco and wool are the principal productions. A number of the inhabitants of the seaports are engaged in fishing, which is one of the important industries of Massachusetts.

The following table shows increase in population for 70 years:

1820	523,159	1860	1,231,066
1830	610,408	1870	1,457,351
1840	737,699	1880	1,783,085
1850	994,514	1890	2,238,943

The medical colleges of Massachusetts are the Harvard University Medical School, Boston; Boston University School of Medicine (Homo), Boston; the College of Physicians and Surgeons, Boston; and the Medical Department of Clark University at Worcester.

Bernd's Physicians' Registers for Office and Pocket Use. Ask your Bookseller to show you these Account Books before buying any other. (See adv., page 15.)

Rate of Mortality in Massachusetts as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
2,238,943	45,112	20.15	44,482	630	20.08	26.73

Total number of deaths from consumption during 1890 was 5,981, which was at the rate of 2.67 per 1,000 of population, or 132.58 per 1,000 of total deaths.

WE WISH TO CALL THE ATTENTION OF THE MEDICAL PROFESSION TO OUR NEW PREPARATION, WHICH WE CALL

THYMOZONE.

An Excellent Antiseptic, Prophylactic and Detergent for Internal or External Treatment.

THYMOZONE is a combination of Eucalyptus Glob., Thymus Vulg., Pinus Sylvestris, Benzoic, Boracic and Salicylic Acids, and exhibits their superior properties in a fragrant, non-irritating and efficient liquid form that is miscible with water in all proportions. Its freedom from color, together with the above qualities, naturally commends it as of greater utility than Carbolic Acid, Corrosive Sublimate, Permanganate of Potassium, etc., in Surgical and general applications.

Internally, it may be successfully administered in all cases of Ulceration of the Stomach or Bowels, Fermentative Dyspepsia, Typhoid and Scarlet Fevers, Cholera and other diseases and conditions associated with Bacteria. When inhaled in an atomized solution, it will be found of decided virtue in such cases as Diphtheria, Fetid Bronchitis, Gangrene of the Lungs, etc. Its active and easily available properties readily suggest its value and adaptness in Dental Surgery, viz: Cleansing the mouth, hardening and healing soft and ulcerated gums, and thoroughly preserving the teeth from decay.

Externally, its antiseptic, deodorizing and cicatrizing virtues render it of undoubted efficacy in correcting and arresting fetid and unhealthy discharges of suppurating Burns, Gangrenous Wounds and Ulcers, Chronic Inflammation of Mucous Membranes, such as Nasal Catarrh, Ozœna, Cystitis, etc., also in Skin Diseases, Eczema, Psoriasis and Tinea. As a Prophylactic and Detergent it will be found of great advantage in promoting and maintaining cleanliness and recovery in Gonorrhœa, Leucorrhœa, Obstetrical Surgery, etc. Its employment as a Lotion, Injection, Inhalant or Spray may be repeated at will, previously diluted to suit the various conditions.

SAMPLE SENT ON APPLICATION.

CAUTION.

Beware of so-called State Medical Directories, copied from our Medical and Surgical Register by irresponsible persons, and palmed off as original publications.

This fraud has been perpetrated in various parts of the country notwithstanding our efforts to prevent it by prosecution under the copyright laws.

To avoid being imposed upon you should ascertain the standing and responsibility of the publisher before signing an order.

Our friends will confer a favor upon us as well as the medical profession by promptly giving notice of any such attempted fraud.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

Forbes Diastase. The vomiting of coherent curds by infants is *always* stopped when a little powdered cracker and a few drops of Forbes Diastase are mixed with the milk.

CAPITAL, LANSING.

POPULATION OF STATE, 2,093,889.

(Census of 1890.)

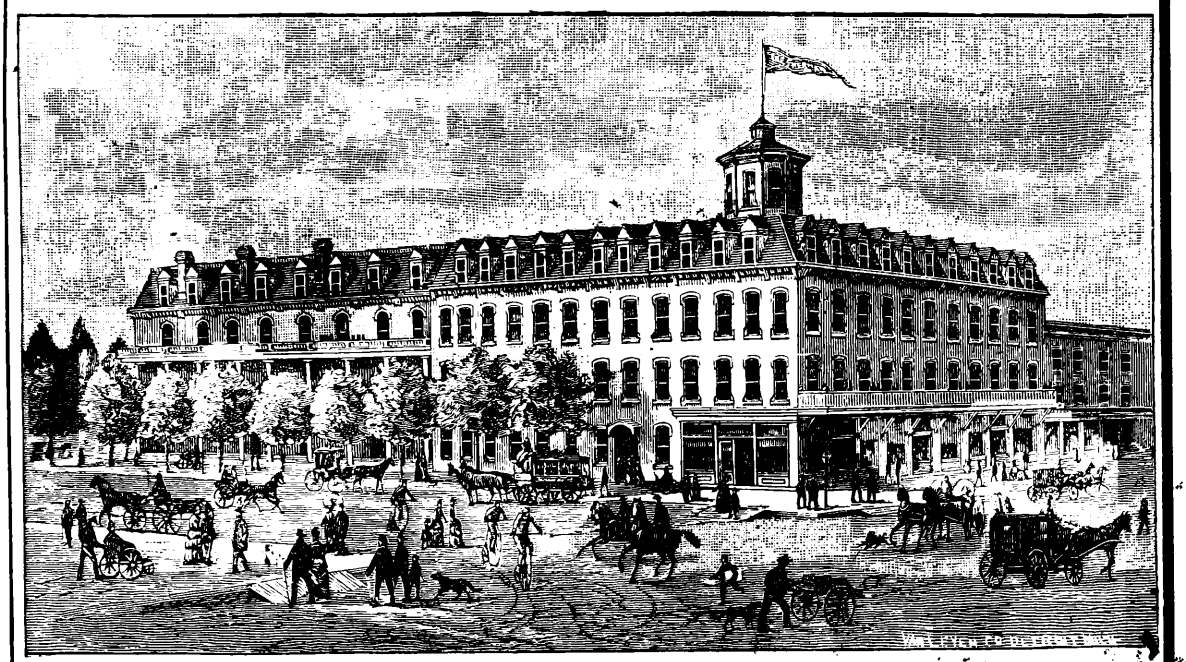
Males	1,091,780	Native	1,550,009
Females	1,002.109	Foreign	543,880
White	2,072,884	Chinese	158
Colored	15,223	Indians	5,624

Michigan consists of two irregular peninsulas known as the Upper and Lower Peninsulas; the former is bounded on the north by Lake Superior, on the south by Lakes Michigan and Huron, on the southwest by Wisconsin, and on the east by the St. Mary's river, which separates it from Ontario; the latter or Lower Peninsula is bounded on the northwest and west by Lake Michigan, on the northeast by Lake Huron, on the south by Indiana and Ohio, and on the east by Lake Huron, the St. Clair river, Lake St. Clair, the Detroit river and Lake Erie.

The State extends from 41° 30′ to 47° 31′ north latitude, and from 82° 24′ to 90° 33′ west longitude, and comprises an area of 56 451 square miles, or 36,128,640 acres. The surface of the Upper Peninsula is broken and rocky, and includes several irregular mountain ranges. The Lower Peninsula is more level. The principal rivers of the north are the Montreal, Presque Isle, Ontonagon, Menominee and Escanaba, and of the south, Saginaw, Manistee, Pere Marquette, Kalamazoo, Clinton, Muskegon, Huron, Cheboygan, Thunder Bay, etc., etc. The climate is mild, but the temperature varies considerably, the mean annual temperature as observed at Fort Mackinac being 41.02°, and at Detroit 47 25°. The average annual rainfall varies from 23 inches at Mackinac to 30 at Detroit. The Upper Peninsula and the northern portion of the lower are covered by pine forests, while deciduous trees flourish further south. Michigan possesses vast mineral wealth, copper, iron, coal and salt abounding, the iron produced ranking in quality with the finest in the world. Lumbering is one of the principal industries. Wheat is the agricultural staple.

The following table shows increase in population for 70 years:

1820	8,765	1860	749,113
1830	31,639	1870	1,184 059
1840	212,267	1880	1,636 937
1850	397,654	1890	2,093,889



The Medical colleges of the State are the University of Michigan, Department of Medicine and Surgery, Ann Arbor; the Detroit College of Medicine, Detroit; the University of Michigan Homœopathic Medical College, Ann Arbor, and the Michigan College of Medicine and Surgery, Detroit.

The following are two of the principal medicinal springs, with analyses:

Alma Mineral Springs, Alma. A preliminary examination of the three magnetic mineral well waters are shown to consist of as found below, and used at Alma Sanitarium.

"THE SHERMAN,"

MT. CLEMENS, MICHIGAN.

The Pioneer and Favorite Hotel of Mt. Clemens, in Connection with the Medea Bath House.

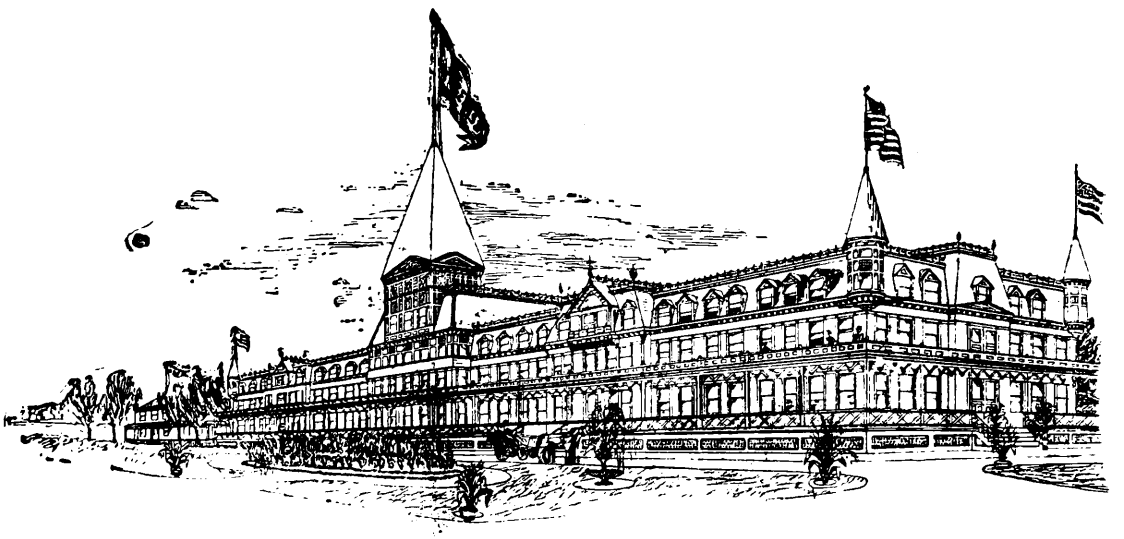
EVERYBODY who has been in Mt. Clemens knows where to find "**THE SHERMAN.**" He finds it on the Public Square, in the very center of the city, and yet so located that while the pleasure-seeker is "in the swim" of bustling activity, a large part of the hotel is removed from all noise and attendant discomfort, and thus affords the invalid perfect quiet and seclusion. Everybody knows, also, that "**THE SHERMAN**" is situated, so to speak, on the crown of the town, at the very highest point in the city. It is entirely free from any possibility of a malarious atmosphere, and the surroundings are exceedingly agreeable and healthful. It is within a few rods of the principal Churches, Opera House, Business Places, Etc.

It has paved streets on all sides, broad and finely shaded piazzas; in short, "**THE SHERMAN,**" for location, is without a rival in Mt. Clemens.

And in other particulars, "**THE SHERMAN**" has no equal. Solidly built of brick, with electric lights and all modern conveniences, with spacious public rooms, private apartments—single and en suite, supplied with modern furniture, it invites comparison with any of its contemporaries, confident of a favorable judgment.

"**THE SHERMAN**" ministers to the "inner man" in a fashion that has brought it deserved renown for the excellence of its cuisine; and, in fact, it may be truly said that the comfort of the guest in each and every particular affected by the management of the hotel is the constant care of the proprietor and his staff of capable and willing assistants.

"**THE SHERMAN**" can comfortably accommodate **250 guests,** and prices range from **$10** to **$21** per week, according to location of rooms.



Letters of inquiry will be cheerfully answered. **WM. REEP, Proprietor.**

C. E. & E. J. GRAY, Proprietors.

REBUILT AND GREATLY ENLARGED FOR THE SEASON OF 1893.

THE House is heated with steam throughout, and a uniform degree of heat is one of the prominent features, which, to the invalid, is very commendable.

Connected by inclosed heated passageway with THE ORIGINAL BATH HOUSE. The entire house as well as the piazzas are lighted by electric lights, which, mingled with beautiful plants and hanging baskets, form a most enchanting spectacle during the summer evenings.

Situated on the Bank of the Clinton River, with a Spacious Park in front.

A FIRST-CLASS PASSENGER ELEVATOR FOR THE CONVENIENCE OF GUESTS.

Special Rates Through Fall and Winter Months.

MEDICAL LAWS OF MICHIGAN.

AN ACT TO PROMOTE PUBLIC HEALTH.

SECTION 1. The People of the State of Michigan enact, That from and after this act shall take effect, it shall not be lawful for any person to practice medicine or surgery, or any branch thereof (except dentistry), in this State, without having the qualifications required in the provisions of this act, and without having first registered in the office of the county clerk, as provided in this act.

2. The necessary qualifications to practice medicine in this State shall be—

First—That every person who shall have actually practiced medicine continuously for at least five years in this State, and who is practicing when this act shall take effect, shall be deemed qualified to practice medicine in this State, after having registered in the office of the county clerk, as provided by this act.

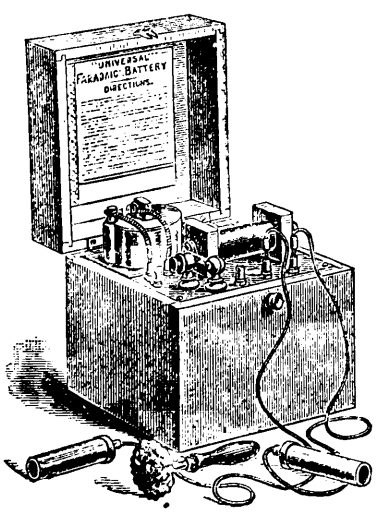
W. B. SAUNDERS, PUBLISHER, PHILADELPHIA, PA. "An AMERICAN TEXT-BOOK OF PRACTICE OF MEDICINE." Edited by Professor WILLIAM PEPPER.
(See Page Opposite Pennsylvania.)

Second—Every graduate of any legally-authorized medical college in this State, or in any one of the United States, or in any other country, shall be deemed qualified to practice medicine and surgery in all its departments, after having registered as provided in this act: *Provided*, that the provisions of this act shall not be construed so as to prohibit any student or under-graduate from practicing with and under the instruction of any person legally qualified to practice medicine and surgery under and by the provisions of this act: *Provided*, that every person qualified to practice medicine and surgery under the provisions of this act shall, within three months after this act shall take effect, file with the county clerk of the county wherein he has been engaged in practice, or in which he intends to practice, a statement sworn to before any officer authorized to administer oaths in said county, setting forth, first, if he is actually engaged in practice in said county, the length of time he has been engaged in such continuous practice, and if a graduate of any medical college, the name of the same and where located, when he graduated, and the length of time he attended the same, also the school of medicine to which he belongs. And if he is a student or under graduate, the length of time he has been engaged in the study of medicine, and where; and if he has attended a medical college, the name of the same and where located, and the length of time so attended and when, also the name and residence of the physician under whose instruction he is practicing or intends to practice. It shall be the duty of the county clerk of each county in this State to record, in a book to be provided by the county, the affidavit (or sworn statement) of every physician practicing in said county. For recording such statement, the county clerk shall receive fifty cents, to be paid by the person filing the same.

3. It shall be the duty of the supervisor, at the time of making the annual assessment in each year, to make out a list of all the physicians, and each student practicing under the instruction of a preceptor residing within his township, village, ward or city, with the name, age, sex and color of each, and the length of time each has been engaged in practice, and if a graduate of a regularly established and reputable college, the name of the college and the date of graduation. Such list shall be returned by the supervisor to the township, village or city clerk, and by the clerk recorded in the book in which are kept the records of the local board of health.

4. No person who practices medicine, surgery or midwifery in any of their branches (except dentistry) shall be able, in any of the courts of the State, to collect pay for professional services rendered subsequent to the time that this act shall take effect, unless he was, at the time such professional services were rendered, duly qualified and registered as a medical practitioner according to the several provisions of this act.

5. The supervisor, township, village or city clerk is hereby authorized to administer the oaths required by this act.



6. Whoever advertises or holds himself out to the public as authorized to practice medicine or surgery in this State, when in fact he is not authorized under the provisions of this act, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be liable to a fine of not less than five dollars nor more than fifty dollars for each offense.

7. It shall be the duty of the supervisor and the health officer of the local board of health in each township, village, ward or city to enforce this act.

This act shall take effect September 7, 1883.

SPECIALTIES.

STEARNS' CASCARA AROMATIC.

A **fluid extract** of prime and selected **two year old** bark, which is **sweet in taste,** instead of being bitter, as is the ordinary fluid extract, **powerful,** yet gentle in effect, and in addition, **does not gripe.** An Ideal Laxative. Samples and Literature Free.

STEARNS' WINE OF COD LIVER OIL, WITH PEPTONATE OF IRON.

An entirely new and original preparation which contains 25 per cent of pure Cod Liver Oil, as represented by its true alcoholic extract.

Modern investigation has proven that the value of Cod Liver Oil as a medicinal agent is not due simply to the fact of its being an oil, but to the valuable active principles which it contains.

Each fluidounce of the Wine contains four grains of **PEPTONATE OF IRON,** the most readily assimilated and most valuable of all forms of Iron.

Samples, literature and clinical reports sent free to any physician.

DIKE'S PEPSIN

Is of high digestive power, 1-2000. Its odor is sweet, which shows its freedom from putrefactive decomposition products. It is soluble, which indicates the absence of deleterious constituents allied to mucous. It retains its activity indefinitely. It is free from peptone, and therefore does not gum up. On this account, it can be combined safely with powders without special precaution, a superiority not possessed by any other high power soluble scale pepsin. The only other non-hygroscopic pepsin in scales is insoluble, weaker and twice as costly. Hence Dike's Pepsin excels all others.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

ALE AND BEEF PEPTONIZED
Dr. Jno. B. Hamilton, Surgeon-General of the United States Hospital, Marine Service, says: "I have found your Ale and Beef, Peptonized, valuable to my La Grippe patients, and also very effective as a Nutrient in Nervous Prostration." Your Druggists have it.

Minnesota extends from 43° 30′ to 49° north latitude, and from 89° 29′ to 97° 5′ west longitude, and comprises an area of 83,531 square miles, or 53,459,840 acres. It is bounded on the north by the British possessions, from which it is partly separated by Rainy Lake and the river of same name; on the east by Wisconsin and Lake Superior, on the south by Iowa, and on the west by Dakota. The surface is an undulating plain, diversified with rolling prairies dotted with lakes and timber belts. The soil is extremely fertile, and the agricultural staple is wheat. The principal rivers of Minnesota are the Mississippi, the St. Croix, the Minnesota, the Red River of the North, and the St. Louis, all of which are navigable, and which, with their numerous tributaries, irrigate and drain every portion of the State. The climate is salubrious and invigorating, the summers are cool and pleasant, and although the winters are severe, the atmosphere is so dry and clear that the extreme cold is hardly noticeable.

Minnesota is neither a timber nor a prairie State, but possesses to a large degree the advantages of both, two-thirds of the entire area being prairie land and the balance being covered by forests of coniferous and deciduous trees. Wild animals are found in the forests and on the prairies, and pigeons, grouse and partridges abound. Copper and iron ore constitute the chief mineral wealth of Minnesota.

The following table shows the increase in population for 40 years:

1850	6,077	1880	780,773
1860	172 023	1890	1,301,826
1870	439,706

MEDICAL LAWS OF MINNESOTA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF MINNESOTA.

Be it Enacted by the Legislature of the State of Minnesota:

SECTION 1. The governor of this State shall appoint a board of examiners, to be known as the State board of medical examiners, consisting of nine (9) members, who shall hold their office for three (3) years after such appointment and until their successors are appointed.

Provided, That the members thereof first appointed under this act shall be divided into three (3) classes, each class to consist of three (3). The first class shall hold office under said appointment for the period of one (1) year, the second class for two (2) years and the third class for three (3) years from the date of their appointment.

It is further provided that no member thereof shall be appointed to serve for more than two (2) terms in succession, and no member of any college or university having a medical department shall be appointed to serve as member of said board, two of which shall be homœopathic physicians.

2. Said board of medical examiners shall elect a president, secretary and treasurer; shall have a common seal. The president and secretary shall have the power to administer oaths. Said board of medical examiners shall hold meetings for examination at the capitol of this State on the first Tuesdays of January, April, July and October of each year, and such other meetings as said board may from time to time appoint. Said board shall keep a record of all the proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, time spent in the study of medicine, and the name and locations of all institutions granting to such applicants degrees or certificates of lectures in medicine or surgery. Said register shall also show whether such applicant was rejected or licensed under this act. Said books and register shall be prima facie evidence of all the matters therein recorded.

VACCINE VIRUS. Chicago Vaccine Stables, Oak Park, Illinois.
Every Point Guaranteed in Primary Cases. (See Page 1365.)

3. All persons hereafter commencing the practice of medicine and surgery, in any of its branches, in this State, shall apply to said board for a license so to do, and such applicant, at the time and place designated by said board, or at the regular meeting of said board, shall submit to an examination on the following branches, to wit: Anatomy, Physiology, Chemistry Histology, Materia Medica, Therapeutics, Preventive Medicines Practice of Medicine, Surgery, Obstetrics, Diseases of Women and Children, Diseases of the Nervous System, Diseases of the Eye and Ear, Medical Jurisprudence, and such other branches as the board shall deem advisable, and present evidence of having attended three (3) courses of lectures of at least six (6) months each; said board shall cause such examination to be both scientific and practical, but of sufficient severity to test the candidate's fitness to practice medicine and surgery. When desired, said examination may be conducted in the presence of the dean of any medical school or the president of any medical society of this State. After examination, said board shall grant a license to such applicant to practice medicine and surgery in the State of Minnesota; which said license can only be granted by the consent of not less than seven (7) members of said board, and which said license shall be signed by the president and secretary of said board, and attested by the seal thereof. The fee of such examination shall be the sum of ten (10) dollars, and shall be paid by the applicant to the treasurer of said board, to be applied by said board towards defraying the expenses thereof; and such board may refuse or revoke a license for unprofessional, dishonorable or immoral conduct. In all cases of refusal or revocation, the applicant may appeal to appointing power of said board.

4. The person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the district court in and for the county where he or she resides, and said clerk of the court shall file said certificate or a copy thereof, and enter a memorandum thereof, giving the date of said license and name of the person to whom the same is issued, and the date of such filing, in a book to be provided and kept for that purpose; and said clerk of the court shall each year furnish to the secretary of said board a list of all certificates on file in his office, and upon notice to him of the change of location or death of a person so licensed, or of the revocation of the license granted to such person, said clerk shall enter at the appropriate places in the record so kept by him a memorandum of said fact; so that the records so kept by said clerk of the court shall correspond with the records of said board as kept by the secretary thereof. In case a person so licensed shall move into another county of this State, he or she shall procure from the clerk of the court a certified copy of said license, and file the same with the clerk of the district court in the county to which he or she shall so remove. Said clerk shall file and enter the same with like effect as if the same was the original license.

5. This act shall not apply to commissioned surgeons of the United States army or navy, to physicians or surgeons in actual consultation from other States or Territories, or to actual medical students practicing medicine under the direct supervision of a preceptor.

6. Any person practicing medicine or surgery within this State without first having obtained the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than fifty (50) nor more than one hundred (100) dollars, or be imprisoned in the county jail not less than ten (10) days, nor more than ninety (90) days, or both fine and imprisonment. Any person shall be regarded as practicing within the meaning of this act who shall append the letters "M. D." or "M. B." to his or her name, for a fee prescribe, direct or recommend for the use of any person any drug or medicine, or other agency for the treatment, care or relief of any wound, fracture or bodily injury, infirmity or disease; provided, however, this act shall not apply to dentists. Justices of the peace and the respective municipal courts shall have jurisdiction over violations of the provisions of this act. It shall be the duty of the respective county attorneys to prosecute violations of this act.

7. Chapter one hundred and twenty-five (125) of the General Laws of eighteen hundred and eighty-three (1883) is hereby repealed. It is however provided that all persons licensed under said act shall be taken and considered as licensed under this act. And the secretary of the board herein provided for shall enter the names of such persons upon the register so kept by him as licensed physicians and surgeons, without application or fee upon the part of the persons so licensed.

8. This act shall take effect and be in force from and after July 1st, 1887.

Approved Feb. 28, 1887.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages* 101 *to* 120) *indicates the college of graduation, and the last number the year in which diploma was granted.*

ALE AND BEEF PEPTONIZED
Dr. J. C. Culbertson, Cincinnati, Ohio, says: "I am very glad to hear of and note the great success you are having with Ale and Beef, Peptonized. As a Nutrient Tonic it is just the thing in a host of cases. The name itself commands and strikes attention at once." ☞ YOUR DRUGGISTS HAVE IT.

"SARATOGA BATHS," H. M. LEVENGSTON, JR., Proprietor, SARATOGA SPRINGS, N. Y. (See Adv., Page 14.)

Mississippi extends from 30° 20′ to 35° north latitude and from 88° 12′ to 91° 40′ west longitude, and comprises an area of 47,156 square miles, or 30 179,840 acres. It is bounded on the north by Tennessee, on the south by Louisiana and the Gulf of Mexico, on the east by Alabama, and on the west by Arkansas and Louisiana. The northeastern is the highest part of the State, and the land slopes gently down to the south and west. The northwestern portion is generally swampy.

The principal rivers are the Mississippi, which washes the western shore the Yazoo, Big Black, Homochitto, Tombigbee, Pascagoula, Pearl and Tennessee.

The climate is warm, the winters being short and mild, the summers long and hot. The mean annual temperature as observed at Vicksburgh is 65.57°, that of the summer 80.52°, and of the winter 50.45°. The average annual rainfall is about 54 inches, ranging from 48 inches in the northwest to 64 on the gulf coast.

The soil is fertile and vegetation is luxuriant, and large forests of deciduous and southern evergreen trees cover the surface. Red hickory, holly, spicewood, dogwood, sassafras, etc., flourish on the higher grounds of the Mississippi and Yazoo bottoms, while the more swampy portions contain swamp ash cypress, privet, etc. The northeastern portion of the State consists of rich prairie table-land. Cotton and corn form the staples.

There are a few medicinal springs in the State.

The following table shows increase in population for 70 years:

1820	75,448	1860	791,305
1830	136,621	1870	827,922
1840	375,651	1880	1,131,597
1850	606,526	1890	1,289,600

Rate of Mortality in Mississippi, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
1,289,600	14,899	11.55	6,339	8,560	11.63	11.49

Total number of deaths from consumption during 1890 was 1,433, which was at the rate of 1.11 per 1,000 of population, or 96.18 per 1,000 of total deaths.

MEDICAL LAWS OF MISSISSIPPI.

AN ACT TO REGULATE THE LICENSING OF PHYSICIANS AND SURGEONS. ADOPTED 1892. CHAPTER 104.

§ 3243. DUTY TO OBTAIN LICENSE.—Every person who desires to practice medicine must first obtain license from the State Board of Health. (For penalty, see § 1258.)

3244. HOW LICENSE OBTAINED.—Every person who desires to obtain a license to practice medicine must apply therefor in writing to the State Board of Health, and must be examined by said board touching his learning in the following branches of medicide only, viz.: Anatomy, chemistry, obstetrics, materia medica, physiology, pathology, surgery and hygiene; and, if the applicant be found by the board upon examination to possess sufficient learning in said branches, and be of good moral character, the board shall at once issue to him a license to practice medicine, which shall be signed by each member who approves of its issuance.

3245. APPLICATION FOR LICENSE; WHAT TO CONTAIN.—The application for license must state (1) the applicant's name in full; (2) his place of residence and postoffice address; (3) his nativity and age; (4) the time spent by him in medical studies; (5) the name and postoffice address of the preceptor under whom medical studies were pursued; (6) courses of medical lectures attended; (7) name of medical schools attended; (8) if a graduate of medical college, name thereof; (9) time spent in a hospital; (10) time spent in practice of medicine, if any; (11) school or system of practice chosen, and (12) references as to personal character.

3246. EXAMINATIONS; WHEN, WHERE AND HOW CONDUCTED.—The State Board of Health shall meet at the capitol on the first Tuesday in the months of April and October in each year for the purpose of examining applicants for license to practice medicine, and shall continue in session until all applicants are examined and the examinations are approved or disapproved. All examinations as to applicants' learning shall be upon written questions and answers, and distinctions shall not be made between applicants because of the different systems or schools of practice that may be chosen.

3247. FEES FOR EXAMINATION.—Every person who shall apply for license to practice medicine shall, before he will be entitled to be examined, pay a fee of Ten Dollars and twenty-five cents; of which Ten Dollars are to be divided equally between those members of the board who attend and conduct the examination of the applicant, and twenty-five cents to be paid the Secretary of the board for filing and preserving the application for license.

3248. FORM OF LICENSE.—A license to practice medicine may be of such form as the State Board of Health may prescribe; but it shall contain a statement showing the place of residence, postoffice address, and qualification of the applicant both as to learning and moral character.

3249. LICENSE MUST BE RECORDED; EFFECT OF FAILURE.—Every person who receives a license to practice medicine must file it in the office of the clerk of the circuit court of the county in which he resides within sixty days from the date of its issuance; otherwise it shall become void. When the license is filed, the clerk shall record the same, with his certificate of filing thereto attached, in a suitable book to be kept in his office for that purpose, upon the payment by the licensee of the fee provided by law; and, when recorded, he shall deliver the original on demand to the licensee. Whenever the licensee shall change the county of his residence and of usual practice, he must, under like penalty, file the original or a certified copy of the license or of the record thereof in the office of said clerk, in the county into which he shall move and practice within sixty days of the time of such removal, to be there recorded in like manner and under like penalty.

3250. LOST LICENSE MAY BE SUPPLIED.—If a license to practice medicine be issued and be lost, the State Board of Health may issue a duplicate license in lieu of the one lost.

3251. TEMPORARY LICENSE.—The Secretary of the State Board of Health may issue under his signature a temporary license to any one to practice medicine, which shall be valid until the

E. W. WOOD, M. D., Proprietor. (SEE PAGE 1365.)

next succeeding meeting of the board for examining applicants; and such license shall show the date of its issuance, otherwise it shall be void Only one temporary license shall ever be issued to the same person, and it shall always be made to an individual and not to a partnership. The Secretary shall be entitled to 25 cents for such license, and the same shall be recorded as a permanent license is required to be, under like penalty for failure.

3252. LICENSE OF EXISTING PRACTITIONERS.—Physicians practicing medicine by virtue of a license lawfully issued under the laws heretofore in force, are not required to obtain license under this chapter, and are entitled to continue the practice by virtue of the license which they now have, but the requirements as to recording licenses shall apply to the licenses of physicians heretofore obtained.

3253. FEMALES PRACTICING MIDWIFERY.—Females engaged in the practice of midwifery are not prohibited from such practice, but are entitled to engage therein without license.

3254. NON-RESIDENTS.—Licensed physicians who reside without this State and whose practice of medicine extends into it, may obtain license to practice medicine in this State without being examined as to their learning, by presenting a written application for license in the form prescribed to the State Board of Health, whereupon the secretary of the board shall issue to the applicant a license, in the name of the board, for which the secretary shall be entitled to receive a fee of twenty-five cents; and the license shall be recorded as hereinbefore provided in each county in which the licensee shall practice, with like penalty for failure to record as in case of resident physician.

§1258. *Penalty.* PROFESSIONS; PRACTICING OF WITHOUT LICENSE.—If any person shall practice as an attorney and counselor-at-law, or shall practice as a physician or surgeon, or shall practice as a dentist, or shall practice as a pharmacist, without first having been examined and obtained license as required by law, he shall, on conviction, be fined not less than twenty dollars nor more than two hundred dollars, or be imprisoned in county jail not exceeding thirty days.

ALE AND BEEF PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.
The sale of Ale and Beef, Peptonized, with us has been wonderfully large since you introduced it in Philadelphia. It meets with great favor among most of our prominent physicians. Yours truly,
GEO. B. EVANS, Pharmacist, Philadelphia, Pa.

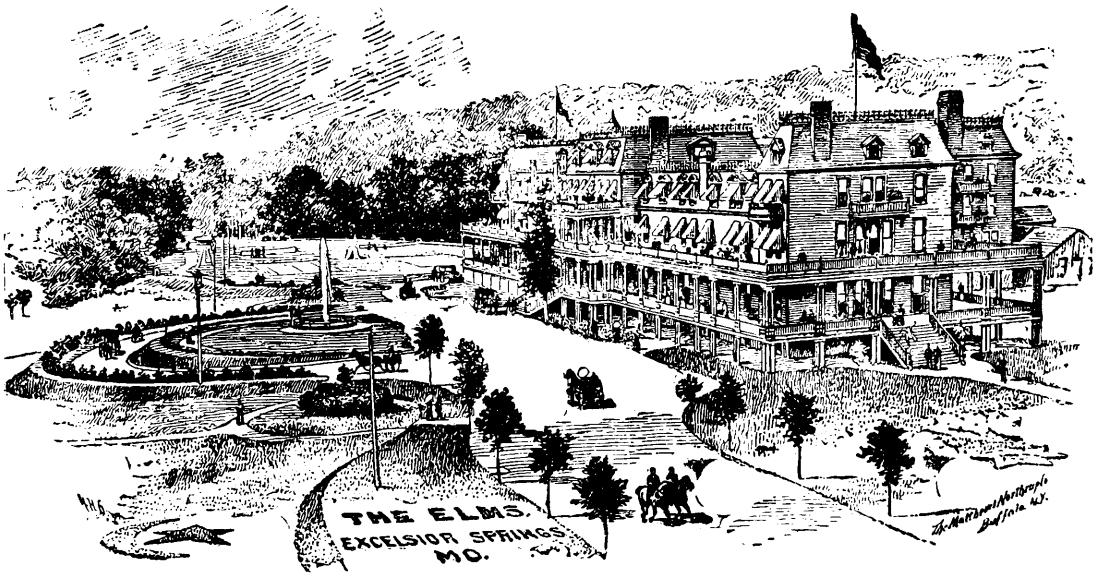
CAUTION.

Beware of so-called State Medical Directories, copied from our Medical and Surgical Register by irresponsible persons, and palmed off as original publications. This fraud has been perpetrated in various parts of the country, notwithstanding our efforts to prevent it by prosecution under the copyright law.

To avoid being imposed upon, you should ascertain the standing and responsibility of the publisher before signing an order.



Our friends will confer a favor upon us, as well as the medical profession, by promptly giving notice of any such attempted fraud.

OAKWOOD SPRINGS SANITARIUM, LAKE GENEVA, WISCONSIN. — Exclusively for Treatment of DISEASES OF THE NERVOUS SYSTEM. (See Page Opposite Chicago Physicians.)

Missouri is bounded on the north by Iowa, on the south by Arkansas, on the east by the Mississippi river, which separates it from Illinois, Kentucky and Tennessee, and on the west by Indian Territory, Kansas and Nebraska. It extends from 36° 30′ to 40° 30′ north latitude and from 89° 2′ to 95° 50′ west longitude, and comprises an area of 65,350 square miles, or 40,824,000 acres. The Missouri river, which bisects the State laterally, divides Missouri into two distinct parts. The surface north of the river is generally level, while that south of it is undulating, becoming rougher and more mountainous as it approaches the Ozark mountains. The Mississippi and Missouri rivers with their numerous tributaries irrigate and drain every portion of the State. The climate is subjected to great extremes, the winters being very cold and the summers long and very warm. Despite this fact, the State is considered a healthy one and is peculiarly suitable for persons suffering from consumption. The mean annual temperature as observed at St. Louis, is 55°, that of the summer 76.12°, and that of the winter 32.90°. The average annual rainfall is about 42 inches. Missouri is neither a timber nor a prairie State, but partakes largely of the advantages of both; the northern and western portions are mainly prairie land, while southern Missouri is well supplied with timber. The Ozark mountains are covered by forests of oak, elm, lime, sycamore, maple, hickory, etc., etc. The mineral resources of the State are very great, the metals being iron, lead and zinc, all of which are found in great quantities and are of excellent quality.

The following table shows increase in population for the past 70 years:

1820	66,557	1860	1,182,012
1830	140,455	1870	1,721,295
1840	383,702	1880	2,168,380
1850	682,044	1890	2,679,184

Corn and wheat are the staple products, cotton is profitably grown in the southern counties, and stock raising is one of the important industries of Missouri.

There are several mineral springs in the State, of which we may specially mention the Regent, Siloam, Sulpho-Saline and Soterian wells of Excelsior Springs.

MEDICAL LAWS OF MISSOURI.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF MISSOURI.

Be it Enacted by the General Assembly of the State of Missouri, as follows:

SECTION 1. Every person practicing medicine and surgery, in any of their departments, shall possess the qualifications required by this act. If a graduate of medicine, he shall present his diploma to the State board of health for verification as to its genuineness. If the diploma is found to be genuine, and the person named therein be the person claiming and presenting the same, the State board of health shall issue its certificate to that effect, signed by at least five of the members thereof, and such diploma and certificate shall be deemed conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate, the person practicing medicine in this State shall present himself before said board and submit himself to such examination as the said board shall require, and if the examination be satisfactory to the examiners, the said board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned.

Marion-Sims College of Medicine

ST. LOUIS, MO.

THE College Building, on Grand Avenue and Caroline Street, is large and well adapted to its purpose. It is situated in a residence district, removed from the immoral influences incident to city life.

The curriculum is graded to extend through three years, and includes didactic lectures, recitations, clinical teaching and practical demonstrations in Anatomy, Chemistry, Physiology, Histology, Pathology and Bacteriology. The Laboratories are well equipped for modern teaching in all branches.

The hospital facilities are unsurpassed. A hospital, adjoining the College, owned and controlled by the Faculty, affords abundant clinical material. Clinics are also held in the City, Female, Pius and Protestant Hospitals, and Baptist Sanitarium.

ALE AND BEEF PEPTONIZED AS A NUTRIENT IN NERVOUS PROSTRATION AND CONVALESCENCE OF FEVERS AND La Grippe IT IS UNRIVALLED

2. The State board of health shall issue certificates to all who shall furnish satisfactory proof of having received diplomas or licenses from legally-chartered medical institutions in good standing, of whatever school or system of medicine; they shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the board; they shall furnish to the county clerks of the several counties a list of all persons receiving certificates. *Provided*, that nothing in this act shall authorize the board of health to make any discrimination against the holders of genuine licenses or diplomas under any school or system of medicine.

3. Said State board of health shall examine diplomas as to their genuineness, and if the diploma shall be found genuine as represented, the secretary of the State board of health shall receive a fee of one dollar from each graduate or licentiate, and no further charge shall be made to such applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma; the verification of the diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named; such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. Graduates may present their diplomas and affidavits as provided in this act, by letter or by proxy, and the State board of health shall issue a certificate as though the owner of the diploma was present.

4. All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by the board shall authorize the possessor to practice medicine and surgery in the State of Missouri.

5. Every person holding a certificate from the State board of health shall have it recorded in the office of the county clerk of the county in which he resides, and the records shall be indorsed thereon; any person removing to another county to practice medicine and surgery shall procure an indorsement to that effect on the certificate from the clerk of the county court, and shall have the certificate recorded in the office of the clerk of the county to which he removes, and the holder of the certificate shall pay to said clerk of said county the usual fees for making the record.

6. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

7. [Providing for the payment of an examintion fee of five dollars was amended by the striking out the entire section.]

8. Examinations may be made in whole or in part, in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

9. The board of health may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes, after giving the accused an opportunity to be heard in his defense before the board.

10. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall profess, publicly, to be a physician, and to prescribe for the sick, or who shall append to his name the letters "M. D.;" but nothing in this act shall be construed to prohibit students from prescribing under the supervision of a preceptor, or to prohibit gratuituos services in cases of emergency; and this act shall not apply to commissioned surgeons of the United States army, navy and marine hospital service.

11. Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind intended for the treatment of disease or injury, or who shall, by writing or printing, or any other method, publicly profess to cure or treat diseases, injuries or deformities by any drug, nostrum, manipulation or other expedient, shall pay to the State a license of one hundred dollars per month, to be collected as provided by law, as all other licenses are now collected; and any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not to exceed five hundred dollars ($500), or by imprisonment in the county jail not to exceed six months, or by both such fine and imprisonment.

12. Any person practicing medicine or surgery in this State, without complying with the provisions of this act, shall be deemed guilty of a misdemeanor, and be punished by a fine of not less than fifty dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days, or by both such fine and imprisonment for each and every offense; and any person filing or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery in the second degree, but the penalties shall not be enforced until a period of six months after the passage of this bill: *Provided*, that the provisions of this act shall not apply to those that have been practicing medicine five years in this State.

13. Whenever in this act it is provided that any duty or service shall be performed by any county clerk, such duty and service in the city of St. Louis shall be performed by the city register or health commissioner of the city of St. Louis, as if such officer was specially named to perform these duties and services.

14. All acts and parts of acts inconsistent with this act are hereby repealed.

Went into effect July, 1883.

The act providing for a State board of health also became a law July 1, 1883, and the board has been appointed. By Sec. 8 of this act, physicians, surgeons and accoucheurs are required, under a penalty of ten dollars, to report all births and deaths which may occur under their supervision.

ALE AND BEEF PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.

Dr. T. J. Yarrow, 1335 North Broad St., Philadelphia, says: "I can't speak too highly of your Ale and Beef, Peptonized. As a Nutrient Tonic in cases convalescing from fevers and other wasting diseases, it has no equal. I bespeak for it a grand success."

MONTANA.

CAPITAL, HELENA.

POPULATION OF STATE, 132,159.

(Census of 1890.)

Males	87,882	Native	89,063
Females	44,277	Foreign	43,096
White	127,271	Chinese	2,538
Colored	1,490	Indians	860

Montana extends from 104° to 116° west longitude, and from 44° 25′ to 49° north latitude, and is bounded on the north by the British Possessions, on the south by Idaho and Wyoming, on the west by Idaho, and on the east by the Dakotas. It contains an area of 143,776 square miles, or 92 016 640 acres

The western portion of the State is mountainous and the eastern is a vast rolling table land. The principal range of the Rocky mountains extends along the southwestern boundary of the State, and the scenery in many parts is grand and picturesque. Besides the two great rivers, the Missouri and the Columbia, which have their sources in Montana, there are a number of other noble streams in the State, notably the Yellowstone, Jefferson, Madison, Musselshell, Gallatin and Deer Lodge rivers.

The climate is milder than the latitude and elevation would seem to indicate, the mean annual temperature as observed at Helena being 43 04°, that of the summer 70.28°, and of the winter 19.16°. The mountains are covered with forests of coniferous trees. Gold and silver are mined extensively, the annual output being very large. As a grazing region Montana is unsurpassed, the river bottoms are exceedingly fertile, and all the cereals grow luxuriantly. Game of all sorts abounds, and the rivers are well stocked with fish.

The following table shows increase in population since 1870.

1870	20,595	1890	132,159
1880	39,159		

Rate of Mortality in Montana, as computed from the U. S. Census of 1890.

132,159	1,012	7.66	986	26	7.75	5.03

The total number of deaths from consumption during 1890 was 55, which was at the rate of .42 per 1,000 of population, or 54.34 per 1,000 of total deaths.

MEDICAL LAWS OF MONTANA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE TERRITORY OF MONTANA, AND TO PROVIDE FOR THE EXAMINATION AND ISSUING OF CERTIFICATES TO PERSONS DESIROUS OF PRACTICING THE SAME, AND FOR THE PUNISHMENT OF PERSONS VIOLATING THE PROVISIONS OF THIS ACT.

Be it Enacted by the Legislative Assembly of the Territory of Montana:

SECTION 1. That the Governor, with the advice and consent of the council, shall appoint seven learned, skilled and capable physicians, who shall have been residents of the Territory of Montana for not less than two years preceding their appointment, not more than two of whom shall be from the same county, who shall constitute the board of examiners for the purpose of this act. The physicians so appointed shall hold their respective offices for seven years. *Provided*, That the terms in office of the seven first appointed shall be so arranged that the term of one shall expire on the 31st day of December of each year, and the vacancies so created, as well as all vacancies occurring otherwise, shall be filled by the Governor by the advice and consent of the council; and provided also, that appointments made when the council is not in session shall take effect immediately and may be confirmed at the next ensuing session.

2. Said board of medical examiners shall elect from among their own number a president, secretary and treasurer, annually, and shall have a common seal. Four members of said board shall constitute a quorum. The president and secretary shall have power to administer oaths in examination of applicants for certificates and to witnesses called before the board in the transaction of business, under the provisions of this act. Said board of examiners shall hold meetings for examination at the capital of this Territory, and such other central points within the Territory as the board may elect, on the first Tuesdays of April and October of such year, and at such other times as the board may determine. The first meeting of said board shall be held in Helena on the first Tuesday in April, 1889; said board shall keep a record of all proceedings thereof, and also a record or register of all applicants for a certificate, together with his or her age, time spent in the study of medicine, and the name and location of all institutions granting to such applicants degrees or certificates of lectures in medicine and surgery; said register shall also show whether such applicant was rejected, or received a certificate under this act, said books and register shall be *prima facie* evidence of all the matters therein recorded.

3. That every person wishing to practice medicine or surgery in any of their departments within this Territory, shall do so only upon complying with the requirements of this act. If a graduate in medicine, such person shall present his or her diploma to the Territorial Board of Examiners, for verification as to its genuineness. If the diploma is found genuine, and is issued by a medical school legally organized and in good standing, whose teachers are graduates of a legally organized school, which facts the Territorial Board of Examiners shall determine, and if the person presenting and claiming such diploma be the person to whom the same was originally granted, then the Territorial Board of Examiners shall issue its certificate to that effect, and such certificate shall be conclusive as to the right of the lawful holder thereof, to practice medicine and surgery within this Territory, and any person coming to the Territory may pre-

sent his or her diploma to any member of the Board of Examiners, who may issue a certificate good until the next regular meeting of the board. If not a graduate, the person practicing medicine or surgery within this Territory, unless he or she shall have been in continuous practice in this Territory for a period of not less than ten years, of which fact he or she shall present to the Territorial Board of Examiners satisfactory evidence of the same in the form of affidavits, shall appear before said Territorial Board of Examiners and submit to such examination as may be required.

4. All persons entitled to practice under the ten years provision mentioned in section three of this act, and all persons hereafter commencing the practice of medicine and surgery in any of its branches in the Territory, shall apply to said board for a certificate so to do, and such applicant at the time and place designated by said board or at the regular meeting of said board, shall submit to an examination in the following branches, to wit: Anatomy, Physiology, Chemistry, Histology, Materia Medica, Therapeutics, Preventive Medicines, Practice of Medicine and Surgery, Obstetrics, Diseases of Women and Children, Diseases of the Nervous System, Diseases of the Eye and Ear, Medical Jurisprudence, and such other branches as the board shall deem advisable, and present evidence of having practiced the required term of ten years, or of having attended three (3) courses of lectures of at least four (4) months each; said board shall cause such examination to be both scientific and practical, but of sufficient thoroughness and severity to test the candidate's fitness to practice medicine and surgery; when desired, said examination may be conducted in the presence of the Dean of any medical school, or the President of any medical society of this Territory. After examination, said board shall, if the candidate has been found qualified, grant a certificate to such candidate to practice medicine and surgery in the Territory of Montana, which said certificate can only be granted by the consent of not less than four (4) members of said board, and which said certificate shall be signed by the President and Secretary of said board and attested by the seal thereof. The fee of such examination shall be the sum of fifteen (15) dollars, and shall be paid by the applicant to the Treasurer of said board, to be applied by said board towards defraying the expenses thereof, and such board may refuse or revoke a certificate for unprofessional, dishonorable or immoral conduct, or refuse a certificate to any one who may publicly profess to cure, or treat diseases, injury or deformity in such a manner as to deceive the public. In all cases of refusal or revocation, the applicant, if he or she feels aggrieved, may appeal to the district court of the county where such applicant may have applied for a certificate.

5. Every person holding a certificate issued by said board shall, within sixty days after the date thereof, have the same recorded in the office of the County Recorder in the county wherein he or she resides, or should he or she remove from one county to another to practice medicine or surgery, his or her certificate must be recorded in the county to which he or she removes. The County Recorder shall endorse upon the certificate the date of record, and he shall be entitled to charge and receive his usual fees for such services, the fee to be paid by the applicant.

6. This act shall not apply to midwives of skill and experience attending cases of confinement, nor to commissioned surgeons of the United States army or navy in the discharge of their official duties, nor to physicians or surgeons in actual consultation from other States and Territories, nor to students practicing medicine under the direct supervision of a preceptor, nor to gratuitous services in cases of emergeney.

7. Any person practicing medicine or surgery within this Territory without first having obtained the certificate to practice herein provided for, or contrary to the provisions of this act, after the expiration of sixty days after this act takes effect, shall, for each violation of the provisions of this act, be deemed guilty of a misdemeanor, and, upon conviction, shall be fined not more than five hundred (500) nor less than one hundred (100) dollars, or by imprisonment in the county jail for not more than ninety (90) days, nor less than thirty (30) days, or by both such fine and imprisonment, as the court may determine. Any person shall be regarded as practicing within the meaning of this act, who shall append the letters "M D." or "M. B," to his or her name for a fee for prescribing medicine, operating in surgery, attending in obstetrics, recommending for the use of any sick person the use of any drug or medicine, or other agency of treatment, cure or relief of any wound, fracture or bodily injury or disease, as a physician or surgeon: provided, however, that this act shall not apply to dentists practicing dentistry. The Probate Courts of the several counties of this Territory shall have jurisdiction over violations of the provisions of this act.

It shall be the duty of the respective county attorneys to prosecute violations of this act, and for each conviction had for violation hereof, the county attorney prosecuting shall receive a fee of five (5) dollars, to be taxed as costs in addition to the fees now allowed him by law.

8. Candidates for examination shall pay in advance to the Secretary of the Territorial Board of Examiners a fee of fifteen (15) dollars, which fee shall defray the entire expenses of the aforesaid board of examination. Anyone failing to pass the required examination, shall be entitled to a second examination within six months, without fee.

9. Each member of the board is hereby allowed the sum of five (5) dollars per day and mileage while in the active and necessary discharge of his duties. And such expenses shall be paid out of the fees so paid in.

10. All acts and parts of acts in conflict with this act, now in effect, are hereby repealed.

11. This act shall take effect and be in force from and after its passage.

Approved February 28th, 1889.

W M. Bullard, M. D., Secretary of the Board of Medical Examiners of Montana, writes us to the following effect, under date of April 16th, 1892:

"Being Secretary of the Board of Medical Examiners, I offer you the following information regarding the law: In the past there has been a question as to the interpretation of the law, and consequently some confusion among applicants for license. The Supreme Court of the State has just decided (April 5th, 1892), for the first time, a case on appeal. In brief, the law is as follows, viz:

"An applicant for license must first furnish evidence of having attended at least three

courses of lectures, of not less than four months each, in a recognized college, and present his diploma and fee, $15, to the board, and then submit to an examination in the branches designated in the law, and such other branches as the board shall deem advisable."

"This is the course to be followed in all cases. Applicants have objected to the examination, claiming a diploma was sufficient, in order to obtain a license. The Supreme Court decision makes the examination necessary, and finally settles the question."

Montana was admitted to the Union in 1890.

Nebraska extends from 40° to 43° north latitude, and from 95° 13′ to 104° west longitude, and is bounded on the north by South Dakota, on the south by Kansas and Colorado, on the east by Iowa and Missouri, and on the west by Colorado and Wyoming. It comprises an area of 75,995 square miles, or 48,636,800 acres. The surface is level or gently undulating, and the soil, especially in the river bottoms, is extremely fertile and productive. The State is fairly well timbered, forests of deciduous trees being found in the valleys. The uplands are specially adapted for stock raising and wool growing. The principal rivers are the Missouri, which forms part of the northern and all the eastern boundary, the

Niobrara, and the Nebraska or Platte. The climate is salubrious, the mean annual temperature as observed at Omaha being 49 28°, that of the summer 74.26°, and that of the winter 23 36°. The average annual rainfall is about 26 inches. Coal, salt, iron, gypsum, alum, sandstone and limestone constitute the mineral wealth of Nebraska; and wheat, corn and oats are the agricultural staples.

The following table shows increase in population from 1860 to 1890 :

1860	28,841	1880	452,402
1870	122,993	1890	1,058,910

There are three medical colleges in Nebraska. The Omaha Medical College, Omaha; the Medical Department, Cotner University, Lincoln, and the John A. Creighton Medical College, Omaha.

The public school system is excellent, Nebraska possessing more and better schools than any State of its age.

MEDICAL LAWS OF NEBRASKA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF NEBRASKA.

Be it Enacted by the Legislature of the State of Nebraska:

SECTION 1. There shall be established in the State of Nebraska a board to be styled the State Board of Health. Said board shall consist of the governor, attorney-general, and superintendent of public instruction, and the governor shall be ex-officio chairman of said board.

Forbes Diastase. 10 to 15 drops with an equal quantity of Sweet or Castor Oil Checks the Cough in LA GRIPPE.
THE FORBES DIASTASE CO., CINCINNATI, OHIO, U. S. A.

2. Said board shall meet upon the call of the governor, and within thirty days after the approval of this act, and shall meet thereafter as often and at such times as the governor may from time to time designate.

3. Said board shall, within sixty days after the approval of this act, appoint four secretaries, who shall be graduated physicians of at least seven years' consecutive practice, and who shall be, at the time of their appointment, actually engaged in practice in the State of Nebraska, one of whom shall be appointed for the term of one year, one for the term of two years, and one for the term of three years, and one for the term of four years, and thereafter it shall be the duty of said board to appoint, or reappoint, one secretary every year as the terms of those heretofore appointed shall expire, but each secretary shall continue in office until his successor shall have been so appointed. Said appointments shall be made so that, of said secretaries, two shall be physicians of the so-called regular school, one of the so-called eclectic school, and one of the so-called homœopathic school.

4. Said secretaries shall have power, and it shall be their duty, to assist and advise said board in the performance of its duties as prescribed by this act, to summon witnesses and take testimony in the same manner as witnesses are summoned and depositions taken under the code of civil procedure, and to report said testimony to the board, together with their findings of fact and recommendations on all matters coming before said board, requiring evidence for their determination, except as hereinafter provided.

5. It shall be the duty of said board to see that all the provisions of this act are strictly enforced; to grant certificates as herein provided, and to cause to be prosecuted all violations of this act. Said board shall have and use a common seal, and may make and adopt all necessary rules, regulations and by-laws not inconsistent with the constitution of this State or of the United States, to enable it to perform its duties aud transact its business under the provisions of this act.

6. A majority of said board shall constitute a quorum for the transaction of business.

7. It shall be unlawful for any person to practice medicine, surgery, or obstetrics, or any of the branches thereof, in this State, without first having obtained and registered the certificate provided for by this act; and no person shall be entitled to the certificate herein provided for, unless he shall be a graduate of a legally chartered medical school, or college in good standing; said qualifications to be determined by the board; *Provided, however*, That nothing in this act shall be construed to prevent physicians residing in other States from visiting patients in consultation with resident physicians who have complied herewith.

8. The term medical school, or college in good standing, shall be defined as follows: A medical school or college requiring a preliminary examination for admission to its courses of study, and which requires as a requisite for the granting of the degree of M. D. attendance on at least three courses of lectures of six months each, no two of said courses to be held within one year, and having a full faculty of professors in all the different branches of medical education, to wit: Anatomy, physiology, chemistry, toxicology, pathology, hygiene, materia medica, therapeutics, obstetrics, gynæcology, principles and practice of medicine and surgery, and clinical instruction in the last two named; *Provided*, That this three year clause shall not apply to degrees granted prior to July, 1891.

9. It shall be the duty of all parties intending to practice medicine, surgery, or obstetrics in the State of Nebraska, before beginning the practice thereof to present his diploma to said board, together with his affidavit that he is the lawful possessor of the same, that he has attended the full course of study required for the degree of M. D., and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such official, if he have a seal, and any person swearing falsely in such affidavit shall be guilty of perjury and subject to the penalty therefor.

10. If upon investigation of said diploma and affidavit, the applicant shall be found entitled to practice, there shall be issued to said applicant the certificate of said board, under its seal and signed by its secretaries, stating such fact; and it shall be the duty of the applicant, before practicing, to file such certificate, or a copy thereof, in the office of the county clerk of the county in which he or she resides, or in which he or she intends to practice. Such certificate or copy shall be filed by the county clerk and by him recorded in a book to be kept for that purpose, properly indexed, to be called the "Physicians' Register;" and for such services the county clerk shall receive from the applicant the same fees as are allowed to the register of deeds for the recording of conveyances.

11. All physicians who shall be engaged in practice at the time of the passage of this act shall, within six months thereafter, present to said board their diplomas and affidavits, as hereinbefore provided, or in the case of persons not graduates, who were entitled to registration and practice under the provisions of the act entitled "An act to regulate the practice of medicine in the State of Nebraska," approved March 3, 1881, an affidavit showing them to have been entitled to so register and practice, and a certified transcript of their registration under said act; and upon their doing so, shall be entitled to the certificate herein provided, which they shall file with the county clerk, as herein provided: *Provided*, That no one having the qualifications required in and having complied with said act of March 3, 1881, shall be liable to prosecution for failure to comply with this act until the expiration of said period of six months.

12 It shall be the duties of said secretaries to keep a full record of all the acts and proceedings of said board and of all certificates granted thereby, together with the proof upon which such certificates are granted, but when proof in any case shall have been on file in the office of said board for ten days, said certificate may be issued by said secretaries without a vote of the board, if no protest has been filed, and if in their opinion said proof complies with the provisions of this act.

13. Any person who shall have obtained the certificate provided by this act and shall remove to another county, shall, before the entering upon the practice of his profession in such other county, cause said certificate to be filed and recorded in the office of the county clerk of the county to which he has removed.

(See Page Opposite Pennsylvania.)
"An AMERICAN TEXT-BOOK OF PRACTICE OF MEDICINE." Edited by Professor WILLIAM PEPPER.

14. The board may refuse certificates to persons guilty of unprofessional or dishonorable conduct, and it may revoke certificates for like cause; *Provided always*, That they have given the person an opportunity to be heard in his or her defense.

15. No person shall recover in any court in this State any sum of money whatever for any medical, surgical, or obstetrical services unless he shall have complied with the provisions of this act, and is one of the persons authorized by this act to be registered as a physician.

16. Any person not possessing the qualifications for the practice of medicine, surgery, or obstetrics required by the provisions of this act, or any person who has not complied with the provisions of this act, who shall engage in the practice of medicine, surgery, or obstetrics, or any of the branches thereof, in this State, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not less than fifty dollars nor more than three hundred dollars, and costs of prosecution, for each offense, and shall stand committed until such fine and costs are paid.

17. Any person shall be regarded as practicing medicine within the meaning of this act who shall operate on, profess to heal, or prescribe for, or otherwise treat any physical or mental ailment of another. But nothing in this act shall be construed to prohibit gratuitous services in case of an emergency, and this act shall not apply to commissioned surgeons in the United States army and navy, nor to nurses in their legitimate occupations, nor to the administration of ordinary household remedies.

18. Any itinerant vendor of any drug, nostrum, ointment, or appliance of any kind, intended for the treatment of any disease or injury, or who shall by writing, printing, or any other method, publicly profess to cure or treat a disease, or injury, or deformity, by any drug, nostrum, manipulation, or other expedient, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than fifty dollars nor more than one hundred dollars, or be imprisoned in the county jail for a period of not less than thirty days, nor more than three months, or both, in the discretion of the court, for each offense.

19. The secretaries of said board of health shall receive for their services the sum of five dollars, to be paid by every applicant for a certificate, hereunder, at the time of making his application, and for their services for the taking of testimony the same fees as are provided for notaries public for similar services, and they shall receive no other fees or compensation; *Provided*, That applicants, under Section 11 of this act, shall pay the sum of one dollar only.

20. That Sections 1 to 11, inclusive, of chapter 55 of the Compiled Statutes of Nebraska, entitled, "An act to regulate the practice of medicine," approved March 3, 1881, and amended as heretofore stated, and all the acts inconsistent herewith, are hereby repealed.

Approved March 27, 1891.

NEVADA.

CAPITAL, CARSON CITY.

POPULATION OF STATE, 45,761.

(Census of 1890.)

Males	29,214	Native	31,055
Females	16,547	Foreign	14,706
White	39,084	Chinese	2,836
Colored	242	Indians	3,599

Nevada extends from 114° to 120° west longitude, and from 35° to 42° north latitude, and is bounded on the north by Oregon and Idaho, on the southwest and west by California, and on the east by Utah and Arizona. It comprises an area of 109 740 square miles, or 70,233,609 acres. The surface generally is a lofty table land, traversed by nearly parallel mountain ranges. The largest rivers of Nevada are the Colorado, Humboldt, Truckee, Quimis and Reese. The climate is subject to great extremes, the winters being very cold, the summers hot. The atmosphere

is dry, with but little rain or snow. The mean annual temperature is 54.13°; that of the summer 75 18°, and of the winter 34.55°. Stock raising is carried on extensively, as is also wool growing. Nevada is preëminently a mining State, the output of gold and silver being enormous. The soil when irrigated is fertile.

The following table shows population for 20 years:

1870	42,491	1890	45,761
1880	62,266		

The State contains many medicinal springs.

Rate of Mortality in Nevada, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
45,761	434	9.48	414	20	10.59	3.00

The number of deaths from consumption during 1890 was 35, which was at the rate of .77 per 1,000 of population, or 80.65 per 1,000 of total deaths.

MEDICAL LAWS OF NEVADA.

AN ACT TO PREVENT THE PRACTICE OF MEDICINE AND SURGERY BY UNQUALIFIED PERSONS.

The People of the State of Nevada, represented in Senate and Assembly, do enact as follows:

SECTION 1. No person shall practice medicine or surgery in this State who has not received a medical education and a diploma from some regularly chartered medical school, said school to have a *bona fide* existence at the time when said diploma was granted.

2. Every physician or surgeon, when about to take up his residence in this State, or who now resides here, shall file for record with the county recorder of the county in which he is about to practice his profession, or where he now practices it, a copy of his diploma, at the same time exhibiting the original, or a certificate from the dean of the medical school of which he is a graduate, certifying to his graduation.

3. Every physician or surgeon, when filing a copy of his diploma or certificate of graduation, as required by section 2 of this act, shall be identified as the person named in the papers about to be filed, either by affidavit of two citizens of the county or by his affidavit taken before a notary public or commissioner of deeds for this State, which affidavit shall be filed in the office of the county recorder.

4. Any person practicing medicine or surgery in this State without complying with sections 1, 2 and 3 of this act shall be punished by a fine of not less than fifty dollars ($50), nor more than five hundred dollars ($500), or by imprisonment in the county jail for a period of not less than thirty (30) days nor more than six (6) months, or by both fine and imprisonment, for each and every offense; and any person filing, or attempting to file, as his own, the diploma or certificate of graduation of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction, shall be subject to such fine and imprisonment as is made and provided by the statutes of this State for said offense.

5. It shall be the duty of the police, sheriff or constable to arrest all persons practicing medicine or surgery in this State who have not complied with the provisions of this act, and the officer making the arrest shall be entitled to one-half of the fine collected.

6. No portion of this act shall apply to any person who, in an emergency, may prescribe or give advice in medicine or surgery in a township where no physician resides, or where no physician resides within convenient distance; nor to those who have practiced medicine and surgery in this State for a period of ten years next preceding the passage of this act, nor to persons prescribing in their own family.

7. This act shall go into force sixty (60) days after its final passage.

Approved January 28th, 1875.

The following supreme court decisions relating to the above act are given in the digest of Nevada Reports and Lawyer's Circuit Court Reports (page 297, 1878):

1. Act to prevent the practice of medicine and surgery by unqualified persons constitutional. In constructing section 6 of said act, which provides that it shall not apply "to those who have practiced medicine or surgery in this State for a period of ten years next preceding the passage of this act," held that said provision is not in violation of section 21 of art. iv. of the State constitution. 10 Nev., 323.

2. Idem—How far constitutional. Held, that there is some reason for requiring ten years' practice in this State as a qualification for the continued practice of medicine and surgery; but there is no sort of reason for requiring that practice to have extended over the particular ten years *immediately* preceding the enactment of the law, and to this extent the law is unconstitutional, because in violation of the fourteenth amendment to the federal constitution; but omitting the words "next preceding the passage of this act," leaves a good and perfect statute. (By Beatty, J).

3. Idem. Held, that said section is not in conflict with any of the provisions of the State or federal constitutions. (By Hawley, C. J.)

New Hampshire is bounded on the north by Canada, on the south by Massachusetts, on the east by Maine and the Atlantic ocean, and on the west by Vermont, and extends from 42° 41′ to 45° 11′ north latitude, and from 70° 40′ to 72° 28′ west longitude. It comprises an area of 9,280 square miles, or 5,939 200 acres. The surface is mountainous with the exception of a tract of low, level land some 30 miles wide extending along the 18 miles of sea coast. The principal rivers of New Hampshire are the Connecticut, Merrimac, Piscataqua, Saco and Androscoggin. The State is well timbered and forests of oak, pine, beech, birch, sugar maple, etc., cover the mountains and the northern counties, while the rivers are fringed with sycamore and willow. Wild animals are still found in the unsettled portions of the State. Iron, lead, silver, zinc and copper constitute the mineral wealth of New Hampshire. Granite, marble and soapstone quarries abound. Corn, oats and potatoes are the staple agricultural products.

The following table shows the increase in population for 70 years:

1820	244,022	1860	326,073
1830	269,328	1870	318,300
1840	284,574	1880	346,991
1850	317,976	1890	376,530

There are several medicinal springs in the State.

Dartmouth College Medical Department, at Hanover, is the only medical college in New Hampshire.

MEDICAL LAWS OF NEW HAMPSHIRE.

GENERAL LAWS RELATING TO THE PRACTICE OF MEDICINE, SURGERY AND DENTISTRY.

SECTION 1. It shall not be lawful for any person to practice medicine, surgery or midwifery, unless such person shall have obtained a license from some medical society organized under the laws of this State, stating that he is qualified in the branches of the medical profession named in said license.

America's Only Authenticated Case of Spontaneous Cow Pox. (SEE PAGE 13.)

2. Every medical society, organized under the laws of this State, shall, at such time and in such manner as may be prescribed in its charter or by-laws, elect a board of censors, consisting of three members, who shall be elected for such term as may be prescribed in said charter or by-laws, which board shall have authority to examine and license persons to practice medicine, surgery or midwifery. The board shall issue licenses without examination to all persons who furnish evidence by diploma from some medical school authorized to confer degrees in medicine and surgery, when said board is satisfied that the person presenting such diploma has obtained it after pursuing some prescribed course of study and upon due examination. Said board shall also have power, upon due notice and hearing, to revoke any license granted by said board when improperly obtained, or when the holder has, by conviction for crime, or any other cause, ceased to be worthy of public confidence. Such license or revocation shall be recorded by the clerk of said medical society.

3. It shall not be lawful for any person, who is not duly authorized to practice medicine or surgery, to practice dentistry unless such person has received a dental degree from some college, university or medical school authorized to confer the same, or shall have obtained a license from the New Hampshire dental society.

4. Said dental society shall, at such time and in such manner as may be prescribed in its charter or by-laws, elect a board of censors, consisting of three members, who shall be elected for such term as may be prescribed by the society, which board shall have authority to examine and license persons to practice dentistry. The license shall be recorded by the clerk of said society.

5. No person receiving a license as herein provided shall be authorized to practice until he shall have procured the same to be recorded by the clerk of the court in the county where he resides if a resident of this State; if not a resident of this State, in the county where he intends to practice. Such licenses shall be recorded in a book provided for that purpose, and which shall bear the title and inscription of the medical and dental register of —— county, and the fee for recording the same shall be fifty cents.

6. Each person receiving a license upon examination shall pay, for the use of the society granting the same, the sum of five dollars; upon diploma, one dollar.

7. If any person shall practice medicine, surgery, midwifery or dentistry without being duly authorized as provided in this chapter, or after his license is revoked, he shall be punished by fine of not more than three hundred dollars for each offense.

8 The provisions of the preceding sections shall not apply to persons who have resided and practiced their profession in the town or city of their present residence during all the time since January first, eighteen hundred and seventy-five, nor to physicians residing out of the State, when called into the State for consultation with duly licensed physicians, or to attend upon patient in the regular course of their business.

NEW JERSEY.

CAPITAL, TRENTON.

POPULATION OF STATE, 1,444,933.

(Census of 1890.)

Males	720,819	Native	1,115,958
Females	724,114	Foreign	328,975
White	1,396,581	Chinese	630
Colored	47,638	Indians	84

New Jersey extends from 38° 56′ to 41° 30′ north latitude, and from 73° 55′ to 75° 32′ west longitude, and is bounded on the north by New York, on the south by Delaware bay, on the east by the Atlantic ocean, and on the west by Pennsylvania. It comprises an area of 7,576 square miles, or 4,848,640 acres. The northern portion of the State is mountainous, the central hilly, and the southern level or gently undulating.

The rivers which drain New Jersey are the Hudson, Delaware, Hackensack, Passaic and Raritan, besides many smaller streams.

The climate is mild, being tempered by the vicinity of the ocean. The mean annual temperature, as observed at Newark during a period of 24 years, was 50.50°; that of the summer 70.35°, and of the winter 30.75°. The average annual rainfall is about 45 inches.

The State is still well timbered with oak, hickory, cedar, pine, walnut, etc. Its iron mines, quarries and clay banks are very valuable, and its fisheries (deep sea, oyster and fresh water) are a source of great profit. It has a large coasting trade, and considerable ship-building is carried on.

CAMPHO-PHENIQUE Is INDORSED by our Leading PHYSICIANS and SURGEONS.

The following table shows increase in population for 70 years:

1820	277,426	1860	672,035
1830	320,823	1870	906,096
1840	373,306	1880	1,131,116
1850	489,555	1890	1,444,933

Its agricultural products, including market garden produce, are very extensive. There is one medical college in the State, the Medical and Surgical College of the State of New Jersey, at Jersey City.

Rate of Mortality in New Jersey, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
1,444,933	30,344	21.00	29,000	1,344	20.76	27.79

Total number of deaths from consumption during 1890 was 3,388, which was at the rate of 2.34 per 1,000 of population, or 112 65 per 1,000 of total deaths.

MEDICAL LAWS OF NEW JERSEY.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY, TO LICENSE PHYSICIANS AND SURGEONS, AND TO PUNISH PERSONS VIOLATING THE PROVISIONS THEREOF.

SEC. 1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That the Governor shall appoint a board of Examiners, to be known as the State Board of Medical Examiners; said board shall consist of nine members; the appointees shall be persons of recognized professional ability and honor; the terms of office of said board shall be three years, or until their successors are appointed: provided, however, that the members of the board first appointed shall be divided into three classes, each class to consist of three persons; the first class shall hold office under said appointment for one year, the second for two years and the third for three years from the date of their appointment, and thereafter each member of said board shall be appointed for a term of three years; and provided further, that said board shall consist of five old school, three homœopaths and one eclectic; it is further provided, that no member of said board shall serve more than two terms in succession; no member of any college or university having a medical department shall be appointed to serve as a member of said board.

2. And be it enacted, That said Board of Medical Examiners shall elect a president, a secretary and a treasurer; it shall have a common seal, and the president shall be empowered to administer oaths in taking testimony upon any matter pertaining to the duties of said board; said board shall hold meetings for examinations at the capitol building of this State, the second Thursday of January, April, July and October of each year, and at such other times and places as the board shall deem expedient; said board shall keep an official record of all its meetings, also an official register of all applicants for examination for a license to practice medicine and surgery in this State; said register for license shall show the name, age and last

place of residence of each candidate, the time he or she has spent in medical study, in or out of medical school, and the names and locations of all medical schools which have granted said applicant any degree or certificate of attendance upon lectures in medicine; said register shall also show whether such applicant was rejected or licensed under this act; said register shall be *prima facie* evidence of all matters therein contained.

3. And be it enacted, That all persons hereafter commencing the practice of medicine or surgery, in any of its branches, in this State, shall apply to said board of Medical Examiners for a license so to do; applicants for examination shall be divided into three classes, to wit: First, persons graduated from a legally-chartered medical school not less than five years before the date of application for a license; second, all other persons graduated from a legally-chartered medical school; and third, medical students taking a regular course of medical instruction; applicants of the first class shall submit to examination upon the following named branches, to wit: Materia medica and therapeutics, obstetrics and gynæcology, practice of medicine, surgery and surgical anatomy; those of the second and third classes shall submit to examination upon anatomy, physiology, chemistry, pathology, materia medica and therapeutics, histology, hygiene, practice of medicine, surgery, obstetrics and gynæcology, diseases of the eye and ear, medical jurisprudence, and such other branches as the board may deem advisable; the questions for examination of applicants of the first and second classes shall be the same in branches common to both; said board shall not license applicants of the second and third classes after January first, one thousand eight hundred and ninety-two, until satisfactory proof is furnished that the applicant has studied medicine and surgery three years, is of good moral character and over twenty-one years of age; applicants of the third class, after they shall have studied medicine and surgery at least two years, can be examined upon the following named branches, to wit: Anatomy, physiology, chemistry, histology and pathology, materia medica and therapeutics; if said examination is satisfactory to all the members of said board, it may issue a certificate that the applicant has passed a final examination in these branches, and such certificate, if presented by the applicant when he or she shall make the application for license to practice, shall be accepted by said board in lieu of an examination in those branches; all examinations shall be both scientific and practical, but of sufficient severity to test the candidates' fitness to practice medicine and surgery.

4. And be it enacted, That all examinations shall be in writing; in all examinations the questions and answers must be, except in materia medica and therapeutics, such as can be answered in common by all schools of practice; and if the applicant intends to practice homœopathy or eclecticism the member or members of said board of those schools shall examine said applicant in materia medica and therapeutics; if said examination is satisfactory, the board shall issue a license entitling the applicant to practice medicine in this State; the votes of all examiners shall be by yes or no, and written, with their signatures upon the backs of the examination papers of each candidate for the respective branches; a license shall not issue in any case unless the applicant passes an examination satisfactory to all the members of said board; said examination papers shall be kept on file by the secretary of said board and shall be *prima facie* evidence of all matters therein contained; any applicant refused a license by said board for failure on examination, may appeal from the decision of said board to the appointing power thereof, who may thereupon appoint a medical committee of review consisting of three members, one from each school of medicine, who shall examine the examination papers of the said applicant, and from them determine whether a license should issue, and their decision shall be final; if said commission by an unanimous vote reverse the determination of the board, the board shall thereupon issue a license to the applicant, the expense of said appeal shall be borne by the applicant; all licenses shall be signed by the president and secretary of said board, and shall be attested by the seal thereof; the fee for examination shall be fifteen dollars for each applicant of the first and second classes, and twenty dollars for each applicant of the third class; it shall be paid to the treasurer of the board and applied towards defraying the expenses thereof.

5. And be it enacted, That the board may, by a unanimous vote, refuse to grant, or may revoke a license for the following causes, to wit: Chronic and persistent inebriety, the practice of criminal abortion, conviction of crime involving moral turpitude or for publicly advertising special ability to treat or cure diseases which, in the opinion of said board, it is impossible to cure; in complaints for violating the provisions of this section, the accused person shall be furnished with a copy of the complaint, and given a hearing before said board in person or by attorney.

6. And be it enacted, That the person so receiving said license shall file the same or a certified copy thereof, with the clerk of the county in which he or she resides, and said clerk shall file said certificate or copy thereof, and enter a memorandum thereof giving the date of said license and the name of the person to whom the same is issued, and the date of said filing, in a book to be provided and kept for that purpose; and for which registry the said county clerk shall be entitled to demand and receive from each person registering the sum of fifty cents; in case a person so licensed shall move into another county of this State he or she shall procure from the said clerk a certified copy of said license and then file the same with the clerk of the county to which he or she shall remove; said clerk shall file and enter the same with like effect as if the same was the original license, and for which registry the said county clerk shall be entitled to demand and receive the sum of fifty cents.

1. BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*, That section seventh of the act entitled "An act to regulate the practice of medicine and surgery, to license physicians and surgeons, and to punish persons violating the provisions thereof," approved May twelfth, one thousand eight hundred and ninety, be amended so as to read as follows:

7. And be it enacted, That this act shall not apply to the commissioned surgeons of the United States army, navy or marine hospital service, or to regularly licensed physicians or surgeons in actual consultation from other States or Territories, or to regularly licensed physicians or surgeons actually called from other States or Territories to attend cases in this State, or to anyone while actually serving as a member of the resident medical staff of any legally

incorporated hospital or asylum in this State, or to any person claiming the right to practice medicine in this State, who has been practicing therein since before the fourth day of July, one thousand eight hundred and ninety; *provided*, said right or title was obtained upon a diploma, of which the holder and applicant was the lawful possessor, issued by a legally-chartered medical institution in good standing.

2. And be it enacted, That this act take effect immediately.

Approved March 29th, 1892.

8. And be it enacted, That any person shall be regarded as practicing medicine or surgery, within the meaning of this act, who shall append the letters M. D. or M. B to his or her name, or prescribe, for the use of any person or persons, any drug or medicine or other agency for the treatment, cure or relief of any bodily injury, infirmity or disease. This act shall not apply to dentists in the legitimate practice of their profession.

9. And be it enacted, That any person hereafter commencing the practice of medicine or surgery in this State without first having obtained the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than one hundred dollars, or by imprisonment in the county jail for a period of not less than ten nor more than ninety days, or both fine and imprisonment; it shall be the duty of the respective county attorneys to prosecute violations of the provisions of this act.

10. And be it enacted, That the expenses of said board and of the examinations shall be paid from the license fees above provided for, and if any surplus remain, the same may be distributed among the members of said board as a compensation for their services as members, but otherwise shall receive no compensation whatever.

11. And be it enacted, That all acts or parts of acts, general or special, now existing, not in accordance with the provisions of this act or inconsistent therewith, are hereby repealed.

New Mexico extends from 31° 20′ to 37° north latitude, and from 103° to 109° 9′ west longitude, and is bounded on the north by Colorado, on the south by Texas and the Republic of Mexico, on the east by Texas and Indian Territory, and on the west by Arizona. It comprises an area of 121,201 square miles or 77,568 640 acres. The Territory consists of high, level plateaus, intersected by mountain ranges.

The principal rivers are the Rio Grande, Canadian, Cimarron, Rio Colorado and Gila, and there are besides a number of less important streams.

The climate is salubrious; mild and equable winters being followed by cool and invigorating summers. The mean annual temperature at Santa Fe is 50.54°; that of the summer 70.50°, and of the winter 30.28°. The rainfall is light, varying from 8 inches in the valley of the Rio Grande to 20 near the Texas State line.

Gold, silver, copper, coal, iron and lead are abundant, while mica, salt, gypsum, lime, sulphur, etc., are found in considerable quantities. There are also nine varieties of precious stones, among these turquoise, garnets and emeralds.

There is a sufficient supply of timber to supply the home demand.

New Mexico is pre-eminently a stock raising country, while the number of sheep in the Territory exceeds that of any other Territory in the Union.

The following table shows the increase in population for 20 years:

1870	91,874	1890	153,593
1880	119,565

MEDICAL LAWS OF NEW MEXICO.

AN ACT TO PROTECT THE PUBLIC HEALTH AND REGULATE THE PRACTICE OF MEDICINE IN THE TERRITORY OF NEW MEXICO.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

SECTION 1. That a Territorial Board of Medical Examiners is hereby established, which shall be composed of seven practicing physicians of known ability and integrity, who are graduates of some medical school college or university duly established under and by virtue of the laws of the country in which such medical school, college or university is situated, giving each of the three schools or systems of medicine the following representation, to wit: The allopathic school, or system of medicine, four members; the homœopathic school, or system of medicine, two members, the eclectic school, or system of medicine, one member.

2. The Governor shall, as soon as practicable after the passage fo this act, appoint a Territorial Board of Medical Examiners, as provided for in the preceding section, who shall hold their offices for two years from and after their appointment, and until their successors shall have been appointed and qualified. Thereafter the Govornor shall appoint, every two years, a like board as hereinbefore described, and he shall also fill all vacancies that may occur as soon as practicable after having been notified of the existence of such vacancy by the secretary of the board: *Provided*, that in making biennial appointments or filling vacancies, the representation of the medical schools shall not be changed from the original basis, as in section 1 of this act. The board of examiners so appointed shall go before a county judge and make oath that they are regular graduates or licentiates, and that they will faithfully perform the duties of their offices.

3. The Territorial Board of Examiners shall organize within three months after the passage of this act. They shall procure a seal, and shall receive through their secretary applications for certificates and examinations. The president of such board shall have authority to administer oaths, and the board to take testimony in all matters relating to their duties. They shall issue certificates to all who furnish satisfactory proof of having received diplomas or licenses from legally-chartered medical institutions in good standing; they shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the board. In selecting places to hold their meetings, they shall, as far as reasonable, accommodate applicants residing in different sections of the Territory, and due notice shall be published of all their meetings. Certificates shall be signed by all the members of the board granting them and by the president of the board, upon a recommendation of a majority thereof

4. Said Territorial Board of Examiners shall examine diplomas as to their genuineness, and if the diplomas shall be found genuine, as represented, the secretary of the Board of Examiners shall receive a fee of five (5) dollars from each graduate or licentiate, and no further charge shall be made to the applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The verification of the diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of said officer, if he has a seal. Graduates may present their diplomas and affidavits, as provided by this act, by letter or by proxy, and the Board of Examiners shall issue its certificate the same as though the owner of the diploma were present.

5. All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by a majority of the board shall authorize the possessor to practice medicine and surgery in the Territory of New Mexico.

6. Every person holding a certificate from a Board of Examiners shall have it recorded in the County Clerk's office in every county in which he practices, or attempts to practice medicine or surgery, in a book kept by the clerk for that purpose, which shall be known as the certificate book of physicians and surgeons.

7. When the certificate is filed by the clerk, he shall record the same and attach his certificate thereto, which shall show the date of filing and recording, and the number of the book and page of the record, and shall keep an alphabetical index of the names of all physicians so filing their certificates, and he shall be allowed the same fees as now allowed for similar services.

8. Candidates for examination shall pay a fee in advance of ten dollars to the secretary.

9. All examinations of persons not graduates shall be made directly by the Territorial Board of Examiners. Examinations may be made, in whole or in part, in writing, and the subjects of examinations shall be as follows, to wit: Anatomy, physiology, chemistry, pathology, surgery, obstetrics, and practice of medicine (exclusive of materia medica and therapeutics).

10. The Territorial Board of Examiners may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certficates for like causes.

11. Any person shall be regarded as practicing medicine within the meaning of this act, who shall profess publicly to be a physician and to prescribe for the sick, or who shall append to his name the letters "M. D." But nothing in this act shall be construed to prohibit students from prescribing under the supervision of preceptors, or to prevent women from practicing midwifery, or to prohibit gratuitious services in cases of emergency. And this act shall not apply to commissioned surgeons or acting surgeons of the United States army and navy.

12. Any person practicing medicine or surgery in this Territory, without complying with the provisions of this act, shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars, for each and every offense; and any person filing, or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction shall be subject to such fine and imprisonment as are made and provided by the statutes of this Territory for the crime of forgery, but the penalties shall not be enforced until on and after the thirtieth day of June, eighteen hundred and eighty-two: *Provided*, that the provisions of this act shall not apply to those who have been practicing medicine ten years within this Territory.

13. The code of ethics of the American Medical Association shall be the standard and rule of decision concerning professional conduct of members of the medical profession for the purposes of this act.

14. A majority of the members of the medical Board created by this act, when qualified according to the provisions of this act, are authorized and empowered to exercise all the powers and perform all the duties authorized and required of such board by the provisions of this act.

Dr. H. M. Alexander & Co.'s Vaccine Farms, MARIETTA, PA., and OMAHA, NEB. America's Only Authenticated Case of Spontaneous Cow Pox. (See Page 13.)

15 It shall be the duty of the attorney-general and district attorneys to prosecute any and all persons who shall be guilty of violating any of its provisions.

16. Any person who shall unlawfully collect or receive any fee or compensation for services as physician or surgeon, in violation of the provisions of this act, shall be liable to the party from whom the same shall be collected or received in double the amount thereof, to be collected by an action in debt.

17. This act shall take effect and be in force from and after the date of its passage and approval.

Approved March 2, 1882.

The State of New York extends from 71° 51′ to 79° 47′ 25″ west longitude, and from 40° 29′ 40″ to 45° 0′ 42″ north latitude, and is bounded on the north and west by Canada, from which it is separated by the St. Lawrence river, Lake Ontario, Niagara river and Lake Erie, on the south by New Jersey and Pennsylvania, and on the east by Connecticut, Massachusetts and Vermont. It comprises an area of 47,000 square miles, or 30,080,000 acres. The surface is diversified and includes level fertile valleys, lofty mountain chains, beautiful lakes and rolling plateaux. That portion of the State lying east of the Hudson river valley is hilly and mountainous, and that lying west of the Hudson consists chiefly of rolling table-lands, sloping gently to the north and west. The principal rivers are the Hudson, which rises in the Adirondacks, and, pursuing a southerly course, debouches into New York Bay ; its total length is about 300 miles and for the last 160 miles it is navigable for the largest vessels ; the St. Lawrence, which washes a portion of the northern boundary and with its numerous tributaries drains and irrigates that por-

tion of the State, the Oswego, Niagara, Alleghany, Susquehanna, Mohawk and Delaware. The State has, including Long Island, a coast line of several hundred miles, and possesses in New York Bay one of the finest harbors in the world. The mineral treasures of New York are great and consist of iron, lead, plumbago, copper, zinc, barium and strontium ores, alum and magnesia. The salt springs in Onondaga county yield annually several million bushels of pure salt. Quarries of marble, granite, sand and limestone abound.

The soil in the valleys is exceedingly fertile and productive, while the table-lands and hilly districts are better adapted for grazing purposes. Immense crops of cereals are raised and tobacco is grown in several counties. The State is well wooded and the timber is varied and excellent. The climate is healthful, although marked by extremes of heat and cold. The winters in the Adirondack region are long and severe. The mean annual temperature, as observed at Albany, is 47.95, and in the city of New York, 51.83. The rainfall varies from 44 inches in the Hudson Valley, to 32 in the valley of the St. Lawrence.

The following table shows increase in population for 70 years:

1820	1,372,111	1860	3,880,735
1830	1,918,608	1870	4,382,759
1840	2,428 921	1880	5,082,871
1850	3,097,394	1890	5,997,853

DR. FLANDERS' DIFFUSIBLE TONIC

THE GUARANTEED SPECIFIC FOR

ALL FEVERS

A Perfect Pharmaceutical Preparation that will under all circumstances effect relief from febrile conditions, except they be the result of injury by violence.

Affords certain relief by relaxing the febrile tension of the system, at the same time sustains the vitality of the patient, and effects full activity of the secretions and excretions, thus preventing further progress of the destructive action of the disease, and effects the speedy elimination of the disturbing element.

When treatment is begun in the first stages, this remedy WILL ABORT Typhoid Fever, Yellow Fever, Colds, and every fever of malarial origin—Malarial, Typho-Malarial, Intermittent, Remittent—and by effecting the immediate and constant removal of the products of the destructive action in those of zymotic origin, will prevent all serious conditions and effect speedy recovery.

As implied in the name, it is perfectly DIFFUSIBLE, and passes into the circulation without requiring digestive action. Thus immediate results are secured and the progress of the destructive action immediately arrested, the vitality aroused and relief effected in every case of Pneumonia, Typhoid, Yellow, Scarlet Fever, Measles, Diphtheria, La Grippe, and kindred maladies.

A fair trial in a single case will plainly show the action and effect produced by the remedy to be as represented in any of the above mentioned diseases. The remedy has been in constant and widely extended use by the originator, other physicians and the public during the past fifteen years, has met every requirement and sustained every representation in the Negaunee, Michigan, Typhoid fever epidemic 1889, in the Jacksonville Yellow fever epidemic, Yellow fever on shipboard in Brazilian waters, and at Santos, and in a large number of individual cases of the other febrile maladies.

Physicians are expected to scoff, because THEY have not been able to effect these results, but if there be ONE who reads this who is willing to believe a thing when he SEES IT, a bottle will be forwarded to him free, except express charges, on request, that, when used, will be self-evident PROOF.

No bad effects result from its use, to watch for and counteract, as with the means generally employed in the ATTEMPT to effect the results which this preparation produces, and the desired effect is certain to follow its use where dissolution has not begun.

It prevents the spread of infection by quickly relieving each individual case.

Price, $1 Per Bottle. **$8 Per Dozen, of Wholesale Druggists.**

BERND'S REGISTERS. The MOST PRACTICAL SYSTEM for Keeping Physicians' Accounts. (See adv., page 15.)

MEDICAL LAWS OF NEW YORK.

Medical Student Examinations.

Laws of 1889, ch. 468, as amended by laws of 1890, ch. 499.

To provide for the preliminary education of medical students.

Section 1. Before the regents of the University of the State of New York, or the trustees of any medical school or college within this State, shall confer the degree of doctor of medicine on any person, they shall require him to file with the secretary or recording officer of their university or college a certificate signed by the secretary of the University of the State of New York, showing either that he possesses the degree of bachelor or master of arts, of bachelor or master of science, or of bachelor or doctor of philosophy, received by him from a college or university duly authorized to confer the same, or that during or prior to the first year of his medical study within this State, he passed an examination conducted under the authority of the regents of the University of the State of New York, or by the faculty of a medical school or college entitled to confer the degree of doctor of medicine, in accordance with the standard and rules of the said regents in arithmetic, grammar, geography, orthography, American history, English composition, and the elements of natural philosophy; or in their substantial equivalents approved by the said regents, or that he possessed qualifications which the regents considered and accepted as fully equivalent to the above named qualifications.

2. This act shall not apply to persons who have already entered upon the prescribed three years study of medicine, nor shall it alter the time of study or the courses of medical instruction required to be pursued in the medical colleges of this State by existing statutes.

License to Practice Medicine.

Laws of 1887, ch. 647; § 2 as amended by laws of 1890, ch. 500.

To Regulate the Licensing and Registration of Physicians and Surgeons, and to Codify the Medical Laws of the State of New York.

Section 1. No person shall practice physic or surgery in this State who shall not have attained the age of twenty-one years, and no person shall practice as aforesaid unless he or she shall be, at the time this act shall take effect, a person lawfully engaged in such practice in this State under license or authority conferred by its laws then in force, and lawfully registered pursuant to chapter five hundred and thirteen of the laws of eighteen hundred and eighty, and the acts amendatory thereof, or unless he or she shall be licensed or authorized so to practice by the provisions of this act, and registered as herein prescribed.

2. From and after the date of the taking effect of this act, no person not theretofore licensed or authorized to practice physic or surgery in this State shall be deemed so licensed or authorized except one of the three following classes:

First. All who shall have been graduated from an incorporated medical school or college in this State with the degree of doctor of medicine, after substantial compliance with all the requirements of the general laws and of the charter of said corporation regulating the term and amount of study, attendance and attainment requisite to obtain said degree; provided that no person shall receive the degree of doctor of medicine, or be licensed to practice physic or surgery in this State, unless after the age of 18, he shall have pursued the study of medical science for at least three years in a chartered medical school, or with some physician and surgeon duly authorized by law to practice physic or surgery, and shall have attended two complete courses of lectures in some legally incorporated medical school or college in good standing at the time of such attendance, prior to the granting to him or her a diploma or license. Provided, further, that two courses of lectures, both of which shall be either begun or completed within the same calendar year, shall not satisfy the above requirements.

Second. All who have received said degree from the regents of the University of the State of New York after substantial compliance with the legal requisites preliminary to its attainment, and after examination by a legally constituted board of medical examiners of this State.

Third. All who, having been graduated from incorporated medical schools or colleges without the State as doctors of medicine, or licensed to practice physic or surgery under the laws of those European countries in which said degree does not confer the right so to practice, shall procure their diplomas from said corporations, or their licenses from such countries, to be indorsed by the regents of the University on the recommendation of a legally constituted board of medical examiners of this State. Every such indorsement shall be in the form of a schedule A or of schedule B, provided by the tenth section of this act. The regents shall keep a record of such indorsements, and may require applicants to verify their statements under oath; any indorsement made with fraudulent intent, or gross carelessness or ignorance, shall be deemed a misdemeanor, and shall subject the indorser or indorsers, upon conviction thereof, to a fine of $250; provided, however, that no such indorsement as is above specified shall be made until the applicant thereof shall file with the person, officer or body above named as authorized

to make such indorsement, a certificate, signed by the secretary of the University of the State of New York, showing that such applicant has received the degree of bachelor or master of arts, of bachelor or master of science, or of bachelor or doctor of philosophy, from a college or university duly authorized to confer the same; or that he has passed an examination conducted under the authority and in accordance with the rules of the regents of the University of the State of New York, in arithmetic, grammar, geography, spelling, American history, English composition, and elementary physics; or that he possesses qualifications which the regents have considered and accepted as fully equivalent to the above named qualifications; as such degrees and certificate are more particularly defined in an act of the legislature of the State of New York, by chapter 468 of the laws of 1889, entitled "An Act to provide for the preliminary education of medical students," and as the same may be hereafter amended.

3. Every person who, at the time this act shall take effect, shall be practicing lawfully physic or surgery in this State, under the authority and license conferred by the laws then in force, but who shall not be then duly registered in the county where he or she practices; and every person who shall thereafter become lawfully authorized or licensed to practice physic or surgery in this State, shall register in a book to be kept in the clerk's office of the county in which such practice is carried on, his or her name, residence, place and date of birth, and authority for practicing as aforesaid. Every person who shall apply to register as a physician or surgeon shall be required, before registration, to subscribe and verify by oath or affirmation, before a person qualified to administer oaths in this State, an affidavit which shall be filed and preserved in a bound volume. This affidavit shall be in the form prescribed in schedule C, provided by the tenth section of this act. Every person registering as aforesaid shall exhibit to the county clerk his or her diploma or license, or in case of loss, a copy of either, legally certified as are copies of documents admitted in evidence, or a duly attested transcript of the record of its conferment from the body conferring it, upon which the said clerk shall indorse, or stamp his name, and the words "Presented and registered as authority to practice physic and surgery by , on the day of , in the clerk's office of county." The said clerk shall also give to every registered physician or surgeon a certificate in the form of schedule D, provided by the tenth section of this act. For all of his said services the county clerk shall receive as a total fee for registration, affidavit and certificate the sum of one dollar. It is provided, however, that nothing in this act shall require any physician or surgeon who shall have duly registered lawful authority to practice as such, conformably to the provisions of chapter five hundred and thirteen of the laws of eighteen hundred and eighty, and the acts amendatory thereof, to register again under the provisions of this act, in any county where he or she shall have registered already.

4. A practicing physician or surgeon having registered lawful authority to practice physic or surgery in one county, who shall remove his practice or part thereof to or regularly engage in practice or open an office in another county, shall exhibit in person to the clerk of such other county, or shall send to him through the mail by registered letter, his certificate of registration, and if such certificate shows lawful authority to have been registered, said clerk thereupon shall register said applicant in said latter county on a receipt of a fee of twenty-five cents. The clerk shall stamp or indorse upon such certificate the words "Registered also in county," and return the same, and every certificate and indorsement made pursuant to the provisions of this act shall be prima facie evidence in any legal proceeding that the person named has registered in the office issuing the same, the authority stated in the transcript.

5. Every person now licensed to practice physic or surgery in this State under the laws thereof in force at the time of the conferment of such license, unless he or she already shall have registered his or her name, residence, place of birth and authority so to practice pursuant to the provisions of section two of chapter five hundred and thirteen of the laws of eighteen hundred and eighty, and the acts amendatory thereof, shall comply with the requirements of said chapter on or before the first day of October, eighteen hundred and eighty-seven; and thereafter no person shall be entitled to register any authority to practice physic or surgery, except the license conferred under this act, and the laws enacted hereafter, and no registration shall be considered valid as such unless the authority registered constituted at the time of registration a license under the laws of this State then in force; provided that nothing in this section shall be construed to prohibit or suspend any prosecution for non-registration under said section instituted prior to said first day of October, eighteen hundred and eighty-seven, and further provided that no diploma or license conferred upon a person not actually in attendance at the lectures, instruction and examination of the corporation conferring the same, or not possessed at the time of its conferment of the requirements then demanded of medical students in this State as a condition of their becoming licensed so to practice, shall be deemed lawful authority to practice physic and surgery in this State.

6. No person shall be licensed or permitted to practice physic or surgery in this State who has been convicted of a felony by any court of competent jurisdiction; and if any person who is or hereafter shall be duly licensed to practice physic or surgery in this State, shall be convicted of a felony, as aforesaid, his or her license to so practice, if any, shall be revoked by the fact of such conviction having been had. Any person who shall willfully swear falsely to any statement contained in any affidavit made pursuant to the provisions of this act shall be deemed guilty of a felony, and subject to conviction and punishment for perjury; any person who falsely and without authority shall counterfeit, make or alter any diploma, certificate or instrument constituting a license to practice physic or surgery within this State, or any certificate or indorsement given in pursuance of this act shall be deemed guilty of a felony, and be subject to conviction and punishment for forgery in the second degree; any person who shall practice physic or surgery under a false or assumed name, or who shall falsely personate another practitioner of a like or different name, shall be deemed guilty of a felony, and shall be subject to conviction and punishment for false personation, and any person guilty of violating any of the other provisions of this act, not otherwise specifically punished herein, or who shall buy, sell or fraudulently obtain any medical diploma, license, record or registration, or who shall aid or abet such buying, selling or fraudulently obtaining thereof, or who shall practice physic or sur-

gery in this State under cover of a diploma or license that shall have been illegally obtained, or that shall have been signed or issued unlawfully or under fraudulent representations, or mistake of fact in material regard, or who, after conviction of a felony, as aforesaid, shall attempt to practice physic or surgery in this State, and any person who shall assume the title of doctor of medicine, or append the letters "M. D." to his or her name, without having received the degree of doctor of medicine from some school, college or board empowered by law to confer said degree or title, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than two hundred and fifty dollars, or imprisonment for six months for the first offense, and upon conviction of a subsequent offense, by a fine of not less than five hundred dollars, or imprisonment for not less than one year, or by both fine and imprisonment. Any person who, not being then lawfully authorized to practice physic or surgery in this State and so registered according to law, shall practice on or after the first day of October, eighteen hundred and eighty seven, physic or surgery within this State without the license and registration provided for in this act, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not less than fifty dollars for the first offense, and for each subsequent offense by a fine of not less than one hundred dollars, or by imprisonment for not less than one hundred days, or by both fine and imprisonment. When any prosecution under this act is made on the complaint of a lawfully incorporated medical society of this State, or a county society entitled to representation in a State society or association, the fines when collected shall be paid to the society making the complaint, and any excess of the amount of fines so paid over the expense incurred by the said society in enforcing the medical law of this State, shall be paid at the end of the year to the county treasurer, for the use of the poor of said county.

7. The duly incorporated medical societies of any county in which any person shall practice physic or surgery without lawful authority or registration may upon proof of such practice, recover from such practitioner, in an action before any justice of the peace, a penalty of twenty-five dollars and the cost of the action for the first judgment, and upon every subsequent judgment for the same offense a penalty of fifty dollars and the cost of the action; provided that said societies shall pay to the county treasurer for the use of the poor of said county any surplus that may accrue in their hands from the excess of fines and penalties collected over the disbursements of said society for counsel fees and the expenses incident to the enforcement of this act by them.

8. Nothing in this act shall be construed to punish commissioned medical officers serving in the army or navy of the United States, or in the United States marine hospital service, while so commissioned, or any one while actually serving as a member of the resident medical staff of any legally incorporated hospital, or any legally qualified and registered dentist, exclusively engaged in practicing the art of dentistry, or interfere with manufacturers of artificial eyes, limbs or orthopedical instruments or trusses of any kind from fitting such instruments on persons in need thereof; or any lawfully qualified physicians and surgeons residing in other states or countries meeting registered physicians and surgeons of this State in consultation, or any physician or surgeon residing on the border of a neighboring State, and duly authorized under the laws thereof to practice physic or surgery therein, whose practice extends into the limits of this State; providing that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of the State of New York; or physicians duly registered in one county of this State, called to attend isolated cases in another county, but not residing or habitually practicing therein.

9. The following acts and parts of acts are hereby expressly repealed, to-wit: Sections eight to twenty-two inclusive of title seven of chapter fourteen of part one of the Revised Statutes; also all of chapter one hundred and thirty-eight of the laws of eighteen hundred and six, that provided for the examination and admission of medical students to practice, and for penalties for practicing physic and surgery without a diploma or other lawful authority; also section or paragraph fifth of chapter one hundred and four of the laws of eighteen hundred and seven; also sections nine, ten, eighteen and all of section eleven following and including the words "whose duty" of chapter ninety-four of the laws of eighteen hundred and thirteen; also sections one, two, four and all of section three following and including the words "any three" of chapter two hundred and six of the laws of eighteen hundred and eighteen; also section two of chapter two hundred and thirty-seven of the laws of eighteen hundred and nineteen; also chapter one hundred and twenty-six of the laws of eighteen hundred and thirty; also sections one, two and four of chapter five hundred and thirty-two of the laws of eighteen hundred and thirty-six; also chapter sixty-four of the laws of eighteen hundred and forty-one; also chapter two hundred and seventy-five of the laws of eighteen hundred and forty-four; also chapter four hundred and thirty-six of the laws of eighteen hundred and seventy-four; also chapter five hundred and thirteen of the laws of eighteen hundred and eighty; also chapter one hundred and eighty-six of the laws of eighteen hundred and eighty-one, also chapters four hundred and eleven and four hundred and forty-five of the laws of eighteen hundred and eighty-four; also section three hundred and fifty-six of the Penal Code. And also all acts or parts of acts authorizing any incorporated school or college to confer the degree of doctor of medicine causa honoris or ad eundem, or otherwise, than upon duly graduated students in course; and all other acts or part of acts inconsistent with this act are hereby repealed. And it is provided that the degree of doctor of medicine conferred causa honoris or ad eundem gradum, shall not be a qualification for the practice of physic and surgery in this state. And, whereas it is the purpose of this act to codify the statutory provisions of this State regulating the admission of individuals to the practice of physic and surgery, and the punishment of those practising either physic or surgery without authority. It is further provided that the specific repeal herein of any portion of an act that may have been heretofore repealed, expressly or by implication, shall not be construed to revive the remaining part thereof.

10. Section ten shall embrace the following schedules, namely A, B, C and D.

MERCK'S CHEMICALS { The Purest and Best Medicinal Substances. } MERCK & CO., NEW YORK.

SCHEDULE A.

To all whom it may concern, greeting:

A. B., having on the day of eighteen hundred and , presented to the faculty of , a diploma purporting to have been issued on the day of , to said A. B., conferring on the degree of doctor of medicine, and it being made certain to us by inquiry and examination, that the said , at the date of said diploma, was a medical college or school, duly incorporated, in good standing and authorized to confer the degree of doctor of medicine, and also that the said A. B. is the identical person upon whom the said diploma was conferred, and is also a person of good moral character, who has pursued a course of study equivalent to that required of a doctor of medicine by said faculty, and is sufficiently well versed in the knowledge of physic and surgery to qualify to practice the same.

Now, therefore, the said faculty have caused this indorsement and the seal of the said to be placed upon said diploma.

SCHEDULE B.

To all whom it may concern, greeting:

A. B., having on the day of presented to the faculty of a license purporting to have been issued to said , as authority to practice physic and surgery in all branches; and it being made certain to us, by inquiry and examination, that A. B. is the identical person on whom the license was conferred; that it is not necessary in the country in which it was conferred that a licensed practitioner of physic and surgery should have the degree of doctor of medicine, and that a license, in form and substance such as the one hereby indorsed, is the usual and sufficient authority to practice physic or surgery therein; and, further, that said A. B. is a person of good moral character, who has pursued a course of study equivalent to that required of a doctor of medicine by our faculty, and is sufficiently versed in the knowledge of physic and surgery to practice the same.

Now, therefore, the said faculty have caused this indorsement and the seal of the said to be placed upon said license.

ALE AND BEEF PEPTONIZED "I am using a great deal of your Ale and Beef, Peptonized. I deem it *a great adjunct in most cases of convalescence.* J. D. GRIFFITH, M. D., Kansas City, Mo."

TO ESTABLISH BOARDS OF MEDICAL EXAMINERS OF THE STATE OF NEW YORK FOR THE EXAMINATION AND LICENSING OF PRACTIONERS OF MEDICINE AND SURGERY; TO FURTHER REGULATE THE PRACTICE OF MEDICINE AND SURGERY.

Laws of 1890, ch. 507.

§ 1. From and after the first day of September, 1891, there shall be and continue to be three separate boards of medical examiners for the State of New York, one representing the medical society of the State of New York, one representing the homœopathic medical society of the State of New York, and one representing the eclectic medical society of the State of New York. Each board shall consist of seven members, and each of said members shall serve for a term of three years, from the first day of September next after his appointment, with the exception of those first appointed, who shall serve as follows; Two of each board for one year, two of each board for two years, and three of each board for three years, from the first day of September, 1891. The power of appointment shall vest in the board of regents of the University of the State of New York, which shall appoint the members of said boards of examiners respectively from lists of nominees to be submitted by each of the said three medical societies the number of nominees by each of said societies to equal or exceed twice the number of appointments so to be made from each of said societies. Each of said nominees shall be nominated by a majority vote at the annual meetings of the society with which said nominee may be in affiliation, and the names of persons so nominated shall be transmitted before the first day of July, 1891, to the said board of regents, under the seal of and signed by the president and secretary of the society so nominating. From these lists of nominees respectively, said board of regents shall, prior to or during the month of July, 1891, appoint three separate boards of examiners, each board to be composed exclusively of members of the same medical society. In case of failure of any or all of said medical societies to submit nominees as aforesaid, said board of regents shall prior to or during the month of July, 1891, appoint members, in good standing, of the corresponding society or societies entitled to nominate, without other restriction. Each one of said appointees, prior to appointment, shall furnish evidence of having received the degree of doctor of medicine in course from some legally incorporated medical college authorized to confer the same, and shall certify to said board of regents to having practiced medicine or surgery under the laws of this State for a period of not less than five years immediately prior to such appointment. The said board of regents shall fill vacancies, caused by death or otherwise, for unexpired terms of said examiners from the respective lists of nominees submitted by the said medical societies; and may remove any member of either of said boards for continued neglect of the duties required by this act, or on recommendation of the medical society of which said members may be in affiliation, for unprofessional or dishonorable conduct. The board of regents shall, in their first appointments, designate the number of years for which each appointee shall serve. The appointments of successors to those members whose terms of office will expire on the first day of September of each year, shall be made by the regents during or before the month of July of such year, upon the same conditions and requirements as hereinbefore specified with reference to the appointment of three separate examining boards, each to be composed exclusively of members of the same medical school and society, as are hereinbefore provided.

2. Said boards shall be known by the name and style of boards of medical examiners of the State of New York. Every person who shall be appointed to serve on either of said boards shall receive a certificate of appointment from the regents of the University, and within 30 days after receiving such certificate shall take, subscribe and file in the office of the Secretary of the State the oath prescribed by the twelfth article of the constitution of this State. Each of said boards shall be authorized to take testimony concerning all matters within its jurisdiction, and the presiding officer, for the time being of either of said boards, or of any of the committees thereof, may issue subpœnas and administer oaths to witnesses. Each of said board of examiners shall make and adopt all necessary rules, regulations and by laws not inconsistent with the constitution and laws of this State or of the United States, whereby to perform the duties and transact the business required under the provisions of this act, said rules, regulations and by-laws to be subject to the approval of said regents.

3. From the income provided by this act the regents may pay, not to exceed said income, all proper expenses incurred by its provisions; and if any surplus above said expenses shall remain at the end of any year, it shall be apportioned by said regents among said examiners pro rata, according to the number of candidates examined by each.

4. The first meeting of each of the examining boards respectively shall be held pursuant to a call issued by the secretary of the board of regents, within two months from the first day of September, 1891, suitable notice in the usual form being given to each of the members thereof, specifying the time and place of meeting. At the first meeting of each of the boards respectively, an organization shall be effected by the election, from their own membership, of a president and secretary. For the purpose of examining applicants for license, each of said boards of medical examiners shall hold one or more stated or special meetings in each year pursuant to a call of the board of regents, due notice of which shall be made public, at such times and places as may be determined by the board of regents; but each examination shall be under the supervision of an examiner appointed by the board of regents, and who shall not be a member of any board of medical examiners. At said stated or special meetings a majority of the members of a board shall constitute a quorum thereof, but the examination may be conducted by a committee of one or more members of the board of examiners, duly authorized by such board.

5. The several boards of medical examiners shall submit to the board of regents lists of examination questions for thorough examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics including practice and materia medica; from the lists of questions so submitted the board of regents shall select the questions for each examination, and present the same to the candidates at each examination

by an examiner appointed therefor by the board of regents, and such questions for each examination shall be so selected as to require the same standard of excellence, from all candidates, except that in the department of therapeutics, practice and materia medica the questions shall be in harmony with the tenets of the school selected by the candidate.

6. Said examinations shall be conducted in writing, in accordance with the rules and regulations prescribed by the board of regents, and shall embrace the subjects named in section five of this act. At the close of said examination the examiner appointed by the board of regents having supervision thereof, shall forthwith deliver to the board of medical examiners having charge of such examination, or to their duly authorized committee, the questions submitted to and the answers of each applicant, and such board of medical examiners, without unnecessary delay, shall transmit to the regents of the University an official report, signed by the president, secretary and each acting member of said board of examiners, stating the examination average of each candidate in each branch, the general average, and the result of the examination, whether successful or unsuccessful. Said report shall embrace all the examination papers, questions and answers thereto. All the examination papers so returned shall be kept for reference and inspection among the public records of the University.

7. On receiving from either of said boards of medical examiners such official report of the examination of any applicant for license, the said regents shall issue to every applicant who shall have been returned as having successfully passed said examination, and who shall, in their judgment, be duly qualified therefor, a license to practice medicine and surgery in the State of New York. The board of regents shall require the same standard of qualifications from all candidates, except in the department of therapeutics, practice and materia medica in which the standard shall be determined by each of the boards of medical examiners respectively. Every license to practice medicine or surgery, issued pursuant to the provisions of this act, shall be subscribed by the Chancellor and Secretary of the University of the State of New York, by each medical examiner who reported the licentiate as having successfully passed said examinations, and also by those of the regents who examined and approved the credentials of said licentiate upon the application for examination. It shall also have affixed to it, by the person authorized to affix the same, the seal of said University. Every such license shall be substantially in the following form:

"*The regents of the University of the State of New York. To all whom it may concern, greeting:*

"Be it known that A B, on the day of A. D. having offered to us satisfactory proof that was more than 21 years of age, and had received a proper preliminary education; that had attended three full courses of medical instruction, the last course at , in , in the year of , and had received from the of the degree of doctor of medicine; we thereupon gave a written order for the examination of said A B, before one of the boards of medical examiners of the State of New York; that the said A B was fully examined before said board and found proficient and qualified to practice medicine and surgery by the examiners whose signatures are hereto attached. We, therefore, have granted to said A B, this our license to practice medicine and surgery in the State of New York as a physician and surgeon, and have caused the names of the Chancellor and secretary of our board of regents and said examiners to be subscribed, and the seal of the University to be affixed hereto, and have also caused this license to be recorded in book of medical license, on page ."

Before said license shall be issued, it shall be recorded in a book to be kept in the office of said regents, and the number of the book and the page therein containing said recorded copy shall be noted in the body of the license. Said records shall be open to public inspection, under proper restrictions as to their safe keeping, and in all legal proceedings shall have the same weight as evidence that is given to the record of the conveyances of land.

8. From and after the first day of September, 1891, any person not theretofore lawfully authorized to practice medicine and surgery in this State, and desiring to enter upon such practice, may deliver to the regents of the University, upon the payment of $25 into the treasury of the University of the State of New York, a written application for license, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common school education, and has either received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college in the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country, and has also studied medicine three years including three courses of lectures in different years in some legally incorporated medical college or colleges prior to the granting of said diploma or foreign license, provided that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not satisfy the above requirement. Such proof shall be made, if required, upon affidavit. Upon the making of said payment and proof, the board of regents, if satisfied with the same, shall direct the secretary thereof to issue to said applicant an order for examination by any one of said boards of medical examiners which said applicant may elect. In case of failure at any such examination, the candidate, after the expiration of six months and within one year, shall have the privilege of a second examination by the same board to which application was first made, without the payment of an additional fee. And it is further provided that applicants examined and licensed by State examining boards of other States, on payment of $10 to the University of this State, and on filing in the office of said regents a copy of said license, certified by the affidavit of the president and secretary of such board, showing also that the standard of acquirements adopted by said State examining board is substantially the same as is provided by sections five and six of this act, shall, without further examination, receive from said regents a license conferring on the holder thereof all the rights and privileges provided by sections eight and nine of this act.

9. On and after the first day of September, 1891, no person not theretofore a legally authorized practitioner of medicine and surgery, under the laws of this State then in force, shall practice medicine or surgery in this State, unless that person shall have received from the

ELIGIBLE MEDICINAL SPECIALTIES

SAW PALMETTO.

(SERENOA SERRULATA.)

THE Fluid Extract of Saw Palmetto has long been commended by the profession as possessing sedative, diuretic and nutritive properties, and employed with advantage in phthisis and other pulmonary and bronchial affections.

Recently attention has been directed to its vitalizing action upon the reproductive organs.

In an article quoted in the Medical World, from the Pacific Record of Medicine and Surgery, it is stated:

The fluid extract of this invaluable berry is a nutrient tonic, far in advance of the hypophosphites. It has a special action upon the glands of the reproductive organs, the mammæ, ovaries, prostate and testes. Its action is that of a great vitalizer, tending to increase their activity, to promote their secreting faculty.

It is specially indicated in all cases of wasting of the testes, such as follows varicocele, or is induced by masturbation, or which is often present in sexual impotency.

In atrophy of the prostate, so very common in cases of sexual perversion, this drug operates in a most remarkable manner, in overcoming the withered, blighted state of the gland, so in uterine atrophy dependent upon ovarian blight, its action is unexcelled. In gynæcological practice it is much used to promote the growth of the mammæ. It is of special value in diseased conditions of the prostate, due to masturbation, excess, perversion of the sexual act, sedentary habits, or improperly treated gonorrhœa.

PEPSIN ASEPTIC.

Pepsins as heretofore known, have left very much to be desired, most of them indicating by their odor the presence of putrescent mucus and other objectionable constituents, which must necessarily prove irritating, especially to the delicate stomach of an infant, invalid, or dyspeptic.

We now supply a new and improved Pepsin Product (ASEPTIC PEPSIN, 1 to 4000, P., D. & Co.'s), in the full confidence that it will at once recommend itself to the favorable attention of the Medical Profession.

It is twice as active as any other pepsin now on the market, and by the process of manufacture which we pursue, is deprived of all septic constituents. This process renders it very palatable, so that the most fastidious palate could not possibly object to its taste.

Samples and literature will gladly be supplied upon application.

BEEF-MEAL. BEEF-CACAO. BEEF-JELLY.

MANUFACTURED BY

The Mosquera-Julia Food Co.

THE peculiar features of merit possessed by these products, may be epitomized as follows:

THEY are absolutely representative of fresh beef, containing all its constituents, soluble and insoluble.

NEARLY fifty per cent. of the substance of Beef-Meal is predigested and ready for immediate assimilation.

THEY are perfectly palatable, and may be administered in a variety of forms, thus avoiding monotony in diet.

INFORMATION as to the preparation and administration of these preparations, and samples for trial will be furnished physicians on request.

HYPODERMIC TABLETS

—◂ AND ▸—

TABLET TRITURATES.

SOLUBLE. ACCURATE. PERMANENT.

HYPODERMIC TABLETS weigh about ½ grain each, and (being very frangible) are put up in tubes convenient for carrying in the pocket medicine case, each containing 25 tablets, 4 of these tubes being packed together in one box, constituting a single original package.

We manufacture, on order, any tablets that may be desired, provided the quantity and nature of the material does not preclude its use in this form.

A hypodermic case adapted to these tablets is supplied with or without the syringe.

TABLET TRITURATES are prepared of the finest materials, by the most approved methods, and are unexcelled by permanency and solubility. Put up in glass-stoppered bottles of 1,000 ("M") each, and in cork-stoppered bottles of 100 ("C") each.

We furnish to order any other desired formula, the nature and quantity of which will permit of being presented in this form. **Send for Complete Descriptive List of Formulæ.**

Among a large number of new formulæ added to our list are the following:

PICHI AND CORN SILK.

These remedies are therapeutically serviceable in inflammations of the genito-urinary tract. They have been before the medical profession for a number of years, have fully established their value, and are in good demand.

PICHI is diuretic, favors the expulsion of calculi and gravel, and relieves the irritation caused thereby, modifies favorably purulent discharges, and acts as a general stimulant of the excretory functions.

CORN SILK is both demulcent and diuretic, and is indicated in vesical catarrh, dysuria, cystitis, the uric-acid diathesis, and enlarged prostate with irritable bladder.

We supply the following pharmaceutical preparations of these drugs:

PICHI.—Fluid Extract Pichi; not miscible with water unless solution is made alkaline. Dose, 10 to 40 minims (0.6 to 2.6 c. c.).
Solid Extract Pichi; dose, 2 to 10 grains (Gm. 0.13 to 0.65).
Powdered Extract Pichi; dose, 2 to 10 grains (Gm. 0.13 to 0.65).
Soluble Elastic Capsule Pichi, 5 grs.; 1 to 2 capsules.

CORN SILK.—Fluid Extract of the green pistils; dose, from 1 to 2 fluidrachms (4 to 8 c. c.).
Wine of Corn Silk; dose, ½ to 1 fluidounce (15 to 30 c. c.). Each fluidounce represents 120 grains Corn Silk.
Syrup of Corn Silk; dose ½ to 1 fluidounce (15 to 30 c. c.) Each fluidounce represents 120 grains of Corn Silk.

AN ACT to amend chapter five hundred and seven of the laws of eighteen hundred and ninety, entitled "An act to establish boards of medical examiners of the State of New York for the examination and licensing of practitioners of medicine and surgery; to further regulate the practice of medicine and surgery."

APPROVED May 4, 1891.

SECTION 1. Section eleven of chapter five hundred and seven of the laws of eighteen hundred and ninety, is hereby amended so as to read as follows:

§ 11. This act shall not apply to any student who duly matriculated in some legally incorporated medical college of the State of New York before the fifth day of June, eighteen hundred and ninety, provided that such student within three months after the enactment of this amendment shall file with the secretary of the board of regents of the University of the State of New York, a certificate setting forth the fact of such matriculation, verified by the applicant, and signed by the secretary of the faculty of the college in which he matriculated.

2. This act shall take effect immediately.

ALE AND BEEF PEPTONIZED

Dr. J. C. Culbertson, Cincinnati, Ohio, says: "I am very glad to hear of and note the great success you are having with Ale and Beef, Peptonized. As a Nutrient Tonic it is just the thing in a host of cases. The name itself commands and strikes attention at once." ☞ YOUR DRUGGISTS HAVE IT.
